Subject: Confession of Ernesto Baez

Hello Luke:

The attached clip is a video wherein Ivan Roberto Duque Gaviria, a/k/a Ernesto Baez, verbally takes responsibility for the murder of Eduardo Estrada. It is short but the confession is easily discernible. We received word from Henry Rodriguez. He is taking steps to obtain the requested transcripts from CMJN's "versiones libres", as well as Ernesto Baez's sentence for Estrada's murder. He advised us these documents were located in a city near the Venezuelan border. As such, he asked us to be patient with this request. However, he is taking affirmative steps to obtain them and the documents should be in our possession eventually.

Best,
Javier
