01:47PM	1	THE COURT: I see seven of you back. And I know that you
01:47PM	2	thought there were eight; but now there are seven, and we're
01:47PM	3	proceeding on seven. Okay.
01:47PM	4	Are we ready? I wasn't sure if one meant you're good?
01:48PM	5	As promised, let me turn first to my attorneys and
01:48PM	6	confirm that counsel for the plaintiff is ready? Counsel for
01:48PM	7	plaintiff is ready?
01:48PM	8	MR. KRISHNAN: Yes, Your Honor.
01:48PM	9	THE COURT: And who is giving the opening statement?
01:48PM	10	MR. KRISHNAN: I am, Your Honor.
01:48PM	11	THE COURT: And counsel for defendant is ready?
01:48PM	12	MR. SONNETT: Yes, Your Honor. A housekeeping matter:
01:48PM	13	I'd like to have the rule invoked.
01:48PM	14	THE COURT: Understood.
01:48PM	15	MR. DAVIS: I know there are expert witnesses in the
01:48PM	16	gallery right now.
01:48PM	17	THE COURT: Experts and party representatives not
01:48PM	18	implicated by the rule, but anyone else. The attorneys are
01:48PM	19	responsible for their own housekeeping, for making sure that the
01:48PM	20	rule is complied with by either side. Okay?
01:48PM	21	MR. KRISHNAN: Thank you.
01:48PM	22	THE COURT: With that, I have instructions to give you as
01:48PM	23	promised. I'm going to try to make sure that you can both see and
01:48PM	24	understand me. I try to use the microphone. But if I'm either
01:48PM	25	going too fast or not speaking clearly enough, please give me a

Members of the jury, now that you've been sworn, I need
to explain some basic principles about a civil trial and your duty
as jurors. These are preliminary instructions. I'll give you
more detailed instructions at the end of the trial.

6 It's your duty to listen to the evidence, decide what 7 happened, and apply the law to the facts. It's my job to provide 8 you with the law that you must apply, and you must follow the law 9 even if you disagree with it. You must decide the case on only 10 the evidence presented in the courtroom.

11 Evidence comes in many forms; it can be testimony about 12 what someone saw, heard, or smelled. It can be an exhibit or a 13 It can be someone's opinion. Some evidence may prove photograph. 14 a fact indirectly. Let's say a witness saw wet grass outside and 15 people walking into the courthouse carrying wet umbrellas. This 16 maybe indirect evidence that it rained even though the witness 17 didn't personally see it rain. Indirect evidence like this is 18 also called circumstantial evidence. Simply a chain of 19 circumstances that likely proves a fact. As far as the law is concerned, it makes no difference whether evidence is direct or 20 21 indirect. You may choose to believe or disbelieve either kind. 22 Your job is to give each piece of evidence whatever weight you 23 think it deserves.

01:50PM24During the trial, you'll hear certain things that are not01:50PM25evidence, and you must not consider them. First, the lawyers'

statements and arguments aren't evidence. In their opening
 statements and closing arguments, the lawyers will discuss the
 case. Their remarks may help you follow each side's arguments and
 presentation of the evidence, but their remarks themselves aren't
 evidence and shouldn't play a role in your deliberations.

01:50PM

01:50PM

01:50PM

01:50PM

01:50PM

01:50PM

01:50PM

01:50PM

01:51PM

6 Second, the lawyers' questions and objections aren't 7 evidence. Only the witness' answers are evidence. Don't decide 8 that something is true just because a lawyer's questions suggests 9 that it is. For example, a lawyer may ask a witness: You saw 10 Mr. Jones hit his sister, didn't you? That question is not 11 evidence of what the witness saw or what Mr. Jones did unless the 12 witness agrees with it.

13 There are rules of evidence that control what the Court 14 can receive into evidence. When a lawyer asks a witness a 15 question or presents an exhibit, the opposing lawyer may object if 16 he or she thinks the rules of evidence don't permit it. If I 17 overrule the objection, then the witness may answer the question 18 or the Court may receive the exhibit. When I sustain an objection 19 to a question, you must ignore the question and not ask what the 20 answer might have been.

Sometimes I may disallow evidence, this is also called striking evidence, and order you to disregard or ignore it. That means you must not consider that evidence when you're deciding the case. I may allow some evidence for only a limited purpose. When I instruct you that I have admitted an item of evidence for a 01:51PM 1 limited purpose, you must consider it for only that purpose and no
01:52PM 2 other.

3 To reach a verdict, you may have to decide which 01:52PM 4 testimony to believe and which testimony not to believe. You may 01:52PM believe everything a witness says, part of it, or none of it. 5 01:52PM 6 When considering the witness's testimony, you may take into 01:52PM 7 account the witness's opportunity and ability to see, hear, and 01:52PM 8 know the things the witness is talking about, the witness's 01:52PM memory, the witness's manner while testifying, any interest the 9 01:52PM 10 witness has in the outcome of the case, any bias or prejudice the 01:52PM 11 witness may have, and any other evidence that contradicts the 01:52PM 12 witness's testimony, the reasonableness of the witness's testimony 01:52PM 13 in light of all the evidence and any other factors affecting 01:52PM 14 believability. At the end of the trial, I will give you 01:52PM additional guidelines for determining a witness's credibility. 15 01:52PM

This is a civil case. To help you follow the evidence, 16 I'll summarize the parties' positions. The plaintiffs -- Raquel 17 18 Camps, in her capacity as a personal representative of the estate 19 of Alberto Camps; Eduardo Cappello; Alicia Krueger; and Marcela Santucho -- are claiming that the defendant, Roberto Guillermo 20 21 Bravo, extrajudicially killed Ruben Bonet, Eduardo Cappello the first, and Ana María Villarreal de Santucho and attempted to 22 23 extrajudicially kill and torture Alberto Camps by shooting him on or about August 22, 1972. 24

01:53PM

01:53PM

01:53PM

01:53PM

01:53PM

01:53PM

01:53PM

Alternatively to plaintiffs' contending, even if

defendant did not personally commit these violations, defendant
Bravo is responsible for the extrajudicial killing, attempted
extrajudicial killing, and torture of the relatives because he
aided and abetted, conspired with, and/or entered into a joint
criminal enterprise with the persons or people who killed,
attempted to kill, and torture their relatives on that date
August 22, 1972.

01:53PM

01:54PM

8 Defendant Bravo denies these claims and asserts that he 9 acted in self-defense. Bravo also asserts a statute of 10 limitations on the basis plaintiffs waited too long before suing 11 him.

12 Plaintiffs -- Raguel Camps, in her capacity as the 13 personal representative of the estate of Alberto Camps; Eduardo 14 Cappello; Alicia Krueger; and Marcela Santucho -- have the burden of proving their case by what the law calls a preponderance of the 15 16 evidence. That means plaintiffs must prove that in light of all 17 the evidence what they claim is more likely true than not. So if 18 you could put the evidence favoring plaintiffs and the evidence 19 favoring defendant Bravo on opposite sides of balancing scales, plaintiffs need to make sure the scales tip to their favor. 20 If 21 plaintiffs fail to meet this burden, you must find in favor of 22 defendant Bravo.

01:54PM23To decide whether any fact has been proved by a01:54PM24preponderance of the evidence, you may, unless I instruct you01:54PM25otherwise, consider the testimony of all witnesses regardless of

01:54PM 1 who called them, and all exhibits that the Court allowed,
01:55PM 2 regardless of who produced them. After considering all the
01:55PM 3 evidence, if you decide a claim or a fact is more likely true than
01:55PM 4 not, then the claim or fact has been proved by a preponderance of
01:55PM 5 the evidence.

01:55PM

01:56PM

01:56PM

01:56PM

01:56PM

01:56PM

6 On certain issues called affirmative defenses, defendant 7 Bravo has the burden of proving the elements of a defense by a 8 preponderance of the evidence. I'll instruct you on the facts 9 defendant Bravo must prove for any affirmative defense after 10 considering all of the evidence. If you decide that defendant 11 Bravo has successfully proven that the required facts are more 12 likely true than not, the affirmative defense is proved.

13 While serving on the jury, you may not talk with anyone 14 about -- I'm sorry -- with anyone about anything related to the 15 case. You may tell people that you're a juror and give them 16 information about when you must be in court, but you must not 17 discuss anything else about the case itself with anyone. You 18 shouldn't even talk about the case with each other until you begin 19 your deliberations. You want to make sure that you have heard everything, all the evidence, the lawyers' closing arguments, and 20 21 my instructions on the law before you begin deliberating. You 22 should keep an open mind until the end of trial. Premature 23 discussions may lead to premature decisions.

01:56PM24In the age of technology, I want to emphasize that in01:56PM25addition to not talking face-to-face with anyone about the case,

you must not communicate with anyone about the case by any other means. This means e-mails, text messages, phone calls, and the Internet, including social networking websites and apps, such as Facebook, Instagram, Snapchat, YouTube, and Twitter. You may not use any similar technology of social media even if I did not specifically mention it here.

01:56PM

01:57PM

You must not provide any information about the case to
anyone by any means whatsoever, and that includes posting
information about the case, or what you are doing in the case, on
any device or Internet site including blogs, chat rooms, social
websites, or any other means.

You also shouldn't Google or search online or offline for any information about the case, the parties, or the law. Don't read or listen to news about this case, visit any places related to this case, or research any fact, issue, or law related to the case.

The law forbids jurors to talk with anyone else about the 17 18 case and forbids anyone else to talk to the jurors about it. It's 19 very important to understand why these rules exist and why they're 20 so important. You must base your decision only on the testimony 21 and other evidence presented in the courtroom. It's not fair to 22 the parties if you base your decision in any way on information 23 you acquire outside the courtrooms, for example, law -- the law often uses words and phrases in special ways, so it's important 24 25 that any definition you hear come only from me and not from any

other source. Only you jurors can decide the verdict in this
 case. The law sees only you as fair, and only you have promised
 to be fair. No one else is so qualified.

01:57PM

01:58PM

4 If you wish, you may take notes to help you remember what the witnesses said. If you do take notes, please don't share them 5 6 with anyone until you go to the jury room to decide the case. 7 Don't let note-taking distract you from carefully listening to and 8 observing the witnesses. When you leave the courtroom, you should leave your notes hidden from view in the jury room. Whether or 9 10 not you take notes, you should rely on your own memory of the 11 testimony. Your notes are only there to help your memory. 12 They're not entitled to greater weight than your memory or 13 impression about the testimony.

Let's talk about the trial. First, each side may make an opening statement. But they don't have to. Remember an opening statement isn't evidence, and it's not supposed to be argumentative. It's just an outline of what the party intends to prove.

19 Next, plaintiffs will present their witnesses and ask 01:58PM them questions. After plaintiffs' counsel questions the witness, 20 01:58PM 21 defense counsel may ask the witness questions. This is called 01:59PM 22 cross-examining the witness. Then defendant's counsel will 01:59PM present his witnesses and plaintiffs' counsel may cross-examine 23 01:59PM them. You should base your decision on all of the evidence 24 01:59PM 25 regardless of which party presents it. 01:59PM

After all of the evidence is in, the parties' lawyers will present their closing arguments to summarize and interpret the evidence for you, and then I'll give you the instructions on the law, and then you will go to the jury room to deliberate.

5 You may hear or see languages other than English during 6 this trial. You must consider evidence provided through only the 7 official court translator or interpreters. It is important that 8 all jurors consider the same evidence. So even if some of you 9 know Spanish, you must accept the English translation or 10 interpretation that's provided and disregard any different 11 meaning.

12 During this trial, you may submit questions to a witness 13 after the lawyers have finished their own questioning. Here is 14 how the procedure works. After each witness has testified and the 15 lawyers have asked all of their questions, I'll ask if any of you If you have a question, write it down and give it 16 have questions. 17 to court staff. You may submit a question for a witness only to 18 clarify an answer or to help you understand the evidence. Our 19 experience with juror questions indicate that jurors rarely have 20 more than a few questions for any one witness, and there may be no 21 questions at all for some witnesses.

02:00PM22If you submit a question, the court staff will give it to02:00PM23me, and I'll share your questions with the lawyers in the case.02:00PM24If the rules of evidence allow your question, one of the lawyers02:00PM25or I will read the question to the witness. I may modify the form

or phrasing of the question so that it's allowed under the rules
of evidence. Sometimes I may not allow the question to be read to
the witness either because the law does not allow it or because
another witness is in a better position to answer the question.
If I can't allow the witness to answer a question, you must not
draw any conclusions from that fact or speculate on what the
answer might have been.

02:00PM

02:00PM

02:00PM

02:00PM

02:00PM

02:01PM

8 Here are several important things to keep in mind about
9 your questions for the witnesses. First, you must submit all
10 questions in writing. Please don't ask a question aloud.

11 Second, the Court can't recall a witness to the stand for 12 additional juror questions. If you have a question for a 13 particular witness, you must submit it when I ask.

Finally, because you should remain neutral and open-minded throughout the trial, you should phrase your questions in a way that doesn't express an opinion about the case or a witness. You must keep an open mind until you've heard all the evidence, the closing arguments, and my final instructions on the law.

At times during the trial, the lawyers will address you. You will soon hear the lawyers' opening statements, and at the trial's conclusion, you'll hear their closing statements -closing arguments. Sometimes the lawyers may choose to make short statements to you either to preview upcoming evidence or to summarize and highlight evidence they just presented. These statements and arguments are the lawyers' view of the evidence or
 what they anticipate the evidence will be. They are not evidence
 themselves.

02:01PM

02:02PM

02:03PM

The parties to this case are the following four plaintiffs and the defendant: Raquel Camps as the personal representative of the estate of Alberto Camps, Eduardo Cappello the second, Alicia Krueger, formerly Alicia Bonet, and Marcela Santucho, and defendant Roberto Guillermo Bravo.

As a part of this lawsuit, the plaintiffs Eduardo 9 10 Cappello the second, Alicia Krueger, and Marcela Santucho have 11 brought claims against defendant Bravo in their individual 12 capacities that is on behalf of themselves personally for the 13 extrajudicial killings of Eduardo Cappello the first, Ruben Bonet, 14 and Ana María Villarreal de Santucho respectively. In addition. 15 plaintiff Raguel Camps has been appointed the representative of 16 the estate of Alberto Camps.

As the representative of this estate, plaintiff Raquel
Camps made and filed lawsuits on behalf of Alberto Camps for
injuries he suffered during his lifetime.

In this case, plaintiff Raquel Camps contends that the estate of Alberto Camps is entitled to damages because defendant Bravo is responsible for the torture and attempted extrajudicial killing of Alberto Camps. Therefore, you should think of the estate of Alberto Camps as the real plaintiff as regards claims brought on behalf of his estate. If you decide in favor of 1 Alberto Camps on one or more of the claims brought by plaintiff
Raquel Camps on behalf of his estate, then any damages you find
will be awarded to the estate of Alberto Camps, not plaintiff
Raquel Camps.

5 Sometimes the parties have agreed that certain facts are 02:03PM 6 This agreement is called a stipulation. You must treat true. 02:03PM these facts as proved for this case. The parties have stipulated 7 02:04PM 8 to the following facts: First, on October 15, 2012, an Argentine 02:04PM court convicted Luis Emilio Sosa and Emilio Jorge Del Real of 9 02:04PM 10 homicide committed with malice for the killings of Carlos 02:04PM 11 Heriberto Astudillo, Ruben Pedro Bonet, Eduardo Adolfo Capello, 02:04PM 12 Mario Emilio Delfino, Alberto Carlos Del Rey, Alfredo Elías Kohon, 13 Clarisa Rosa Lea Place, Susana Lesgart, José Ricardo Mena, Miguel 14 Angel Polti, Mariano Pujadas, María Angélica Sabelli, Ana María 15 Villarreal de Santucho, Humberto Segundo Suárez, Humberto Adrián 16 Toschi, and Jorge Alejandro Ulla; and attempted homicide committed 17 with malice for the attempted killings of Maria Antonia Berger, 18 Alberto Miguel Camps, Ricardo René Haidar.

02:05PM19Second, Messrs. Sosa and Del Real received sentences of02:05PM20life imprisonment for those convictions.

D2:05PM 21 Third, from August 15, 1972, to August 22, 1972, 19
 D2:05PM 22 prisoners were held captive at the Almirante Zar Naval Base in
 D2:05PM 23 Trelew, Argentina.

02:05PM24Fourth, prior to August 15, 1972, these prisoners were02:06PM25held in Rawson Prison. After having escaped from that prison,

they surrendered to the Argentine military subject to certain
 conditions including that they be examined by a physician who
 could confirm that they were in good health. Following their
 surrender and the physician's examination, the prisoners were
 transferred to Almirante Zar Naval Base in Trelew, Argentina.

6 A deposition is a witness's sworn testimony that is taken before trial. During a deposition, the witness is under oath and 7 8 swears to tell the truth, and the lawyers for each party may ask questions. A court reporter is present and records the questions 9 10 and answers. When a person is unavailable to testify at trial, 11 the deposition of that person may be used at the trial. The 12 depositions of the following witnesses will be presented to you by 13 video: Julio Ulla, which was taken May 14, 2021; Miguel Marileo, 14 June 15th of 2021; Carlos Marandino was taken on August 26, 2021; 15 Carlos Celi on February 14th of 2022; Alicia Krueger, March 28, 2022; and Marcela Santucho, April 4th, 2022. 16

17 The deposition testimony that you will see is entitled to 18 the same consideration as live testimony, and you must judge the 19 deposition testimony just as if the witness was testifying in 20 court.

02:07PM21At the beginning of trial, I told you that the lawyers02:07PM22might make statements previewing upcoming evidence or summarizing02:07PM23and highlighting evidence that they have already presented before.02:07PM24Right now, plaintiffs' counsel is going to make a short statement.02:07PM25Please remember that the statement you're about to hear, like all

02:07PM 1 statements by the lawyers, is the lawyers' view of the evidence or

4 During the trial, you may hear answers the defendant gave 5 in response to written questions the other side submitted. The 6 questions are called interrogatories. Before the trial, defendant 7 gave the answers in writing while under oath. You must consider 8 defendant's answers to the interrogatories as though defendant 9 gave the answers on the witness stand.

10 Reports about this trial or about this incident may 02:08PM 11 appear in the media. The reporters may not have heard all of the 02:08PM 12 testimony as you have, may be getting information from people who 02:08PM 13 are not under oath and subject to cross-examination, may emphasize 02:08PM 14 an unimportant point, or may simply be wrong. You must not read, 02:08PM 15 listen to, or watch anything about this trial. It would violate 02:08PM your oath as a juror to decide this case on anything other than 16 02:08PM 17 the evidence presented at trial and on your own common sense. You 02:08PM 18 must decide this case exclusively on the evidence you receive here 02:08PM 19 in court. 02:09PM

02:09PM 20 Okay. Ladies and gentlemen, that concludes my 02:09PM 21 preliminary instructions to you.

Counsel, are you ready?

23 MR. KRISHNAN: Yes, Your Honor. May I just ask, does
24 Your Honor have a preference as to where or which of the two

02:09PM	2	long as you have the lapel microphones so that the jurors and the
02:09PM	3	court reporter can hear you.
02:09PM	4	MR. KRISHNAN: Sorry?
02:09PM	5	THE COURT: Handheld or the lapel, but you want to make
02:09PM	6	sure that they hear you.
02:10PM	7	MR. KRISHNAN: I can use this box, Your Honor, just to
02:10PM	8	help me with my essay.
02:10PM	9	Do we have access? No? The video system.
02:10PM	10	THE COURT: Counsel, have you expressed to opposing
02:10PM	11	counsel what video or portion you're going to show?
02:10PM	12	MR. KRISHNAN: I don't intend to show video. These are
02:10PM	13	slides, and they have been exchanged with counsel.
02:10PM	14	THE COURT: Okay.

02:11PM	19	MS. LIND: We do.
02:11PM	20	THE CLERK: One second, Your Honor.
02:14PM	21	MR. KRISHNAN: May I just ask if all of the Your

02:14PM	23	THE CLERK: Yes.
02:14PM	24	JURORS: Yes.
02:14PM	25	MR. KRISHNAN: Okay. Great.

02:14PM	1	THE COURT: Is yours not working?
02:14PM	2	JUROR: No, the feedback. There is a mic when he speaks.
02:15PM	3	THE COURT: Because you have two microphones. You have
02:15PM	4	the one on your lapel and the one you have to choose.
02:15PM	5	MR. KRISHNAN: I'm happy to just use that one.
02:15PM	6	THE CLERK: Over there, use the lavaliere.
02:15PM	7	MR. KRISHNAN: I'll just use this. I apologize, Your
02:15PM	8	Honor.
02:15PM	9	THE COURT: Oh, that's much better.
02:15PM	10	THE INTERPRETER: You still have to get closer to it
02:15PM	11	because we're using the headphones.
02:15PM	12	MR. KRISHNAN: Yes. May I proceed?
02:15PM	13	THE COURT: Thank you, yes.
02:15PM	14	MR. KRISHNAN: Good afternoon, everyone. Again, my name
02:15PM	15	is Ajay Krishnan. And my team and I represent some of the victims
02:15PM	16	of a tragic injustice that occurred nearly 50 years ago in
02:16PM	17	Argentina. It's called the Trelew Massacre. It occurred at a
02:16PM	18	military base in a city called Trelew back in 1972. The Argentine
02:16PM	19	military was holding 19 unarmed civilian prisoners there. Young
02:16PM	20	men and women mostly in their 20s. Here's what the evidence will
02:16PM	21	show.
02:16PM	22	At about 3:30 A.M. in the dead of night, the defendant,
02:16PM	23	Roberto Bravo, along with a group of fellow officers came to the
02:16PM	24	cellblock area with the intent to harm. They ordered the 19
02:16PM	25	prisoners to come out of their cells and to form two lines in a

1 narrow 4-foot 11-inch wide corridor -- about this wide 2 (indicating) -- that was between the two rows of cells. Bravo 3 then claims that one of the prisoners named Pujadas attacked them, 4 which is almost certainly a lie. But whether it was a lie or not, the soldiers proceeded to shoot all the prisoners with machine 5 6 guns, even prisoners way in the back who they couldn't possibly 7 have seen.

02:16PM

02:17PM

02:18PM

8 The prisoners were penned into a kill box. Those who did not die from the first round of gunshot fired dove back into their 9 10 cells for cover. But then Bravo and his fellow officers went in 11 and shot any survivors with handguns. Some survivors were shot at point-blank range. One woman was killed execution style with a 12 13 single bullet to the back of her neck. Another woman who was 14 pregnant was shot from the breasts down right through the belly. Three prisoners survived that night. The other 16 died from their 15 16 injuries. This was an evil act.

17 Mr. Bravo was also part of a brutal military regime. 18 That regime covered up the killings saying it was an escape 19 attempt and that Bravo acted in self-defense. As part of that 20 cover-up, the regime sent Bravo here to the United States where 21 he'd be hard to find. And then the military regime did terrible 22 things to silence my clients' families. They killed and 23 disappeared -- my clients' family members, and disappearing means that the military takes members of your family and --24 25

Objection, Judge. This is irrelevant to the MR. DAVIS:

1 incident that happened at the prison that they're suing over.

2 MR. KRISHNAN: It's completely relevant to the statute of 3 limitations defense.

THE COURT: Overruled.

Disappearing means that the military takes 5 MR. KRISHNAN: 02:18PM 6 members of your families, and then you never see them again. 02:19PM 7 Often, the disappeared were tortured in camps and died there. The 02:19PM 8 military also kidnapped kids. Two of my clients were kidnapped as 02:19PM 9 children. It wasn't until 2005 when the Argentine government 02:19PM 10 finally opened a criminal investigation into the Trelew Massacre 02:19PM 11 and provided witness protection to my clients that it finally 02:19PM 12 became safe for my clients to seek justice. In 2012, Argentina 02:19PM convicted Mr. Bravo's fellow soldiers for their participation in 13 02:19PM 14 the shootings. But Mr. Bravo wasn't convicted because he was here 02:19PM 15 in the United States outside of the reach of the Argentine courts. 02:19PM He is currently fighting efforts by the United States government 16 02:19PM 17 and the Argentine government to send him back to Argentina to 02:19PM 18 stand trial. 02:19PM

19 My clients are the family members of four of the people 20 shot that night. They are suing under a 1992 law called the 21 Torture Victims Protection Act which allows victims of terrible 22 acts to hold their abusers accountable when those abusers are here 23 in America. My clients are Alicia Krueger, you see her here with 24 her husband, Ruben Bonet, who was killed in the massacre; Marcela 25 Santucho, who is on the next slide, she suffered -- Marcela, my

1 client, suffered a heartbreaking loss of her mother, Ana Maria 02:20PM 2 Santucho, who was killed in the massacre. This is a photo of Ana 02:20PM 3 Maria. Ana Maria was the pregnant woman who I described earlier. 02:20PM 4 Unfortunately for health reasons, Marcela and Alicia 02:20PM

couldn't be here for trial, but you will see video of their 5 6 testimony.

7 My other two clients are here; first, Eduardo Cappello. 8 Eduardo, could you please stand up? Eduardo has the headphones in 9 for translation. Thank you, Eduardo. Eduardo is the last surviving family member of his uncle, also named Eduardo Cappello, the relative after whom he was named, who was killed in the 12 massacre.

13 Raquel Camps, another of my clients, is also here. If 14 you would stand up. Thank you so much, Raguel. Her father, Alberto Camps, was cruelly shot by Mr. Bravo during the massacre. 15 16 He survived the night but was later killed on the anniversary of 17 the events we will be discussing.

Now, I want to clarify something. Even though you may 18 19 believe that Mr. Bravo's acts were murder, and we certainly do, this is not a criminal case, it is not a murder trial. 20 In 21 criminal cases, the defendant must be proven guilty beyond a 22 reasonable doubt. But put that concept completely out of your 23 mind because it doesn't apply here.

24 Mr. Bravo needs to stand trial for murder in Argentina. 02:22PM 25 This case is a civil case for monetary damages based on injury. 02:22PM

02:22PM 1 So my clients need only prove that their claims are more likely
02:22PM 2 true than not true.

02:22PM

02:23PM

02:23PM

02:23PM

02:23PM

02:23PM

Before I go on, I want to thank all of you for your service here today. My clients have waited 50 years to have this day in court, and they only get it because of your willingness to serve as jurors. So thank you for your time and your willingness to listen to this difficult subject matter.

8 And with that, I'll move on to the four key points of 9 evidence that we plan to prove to you during trial, and they are 10 that Mr. Bravo and his fellow soldiers conspired to shoot and kill 11 19 unarmed prisoners.

Mr. Bravo's self-defense story is false and part of aconspiracy to cover up the massacre.

14 Military persecution and the inability to find Mr. Bravo
 02:23PM 15 have delayed my clients' day in court.

And, finally, my clients must be compensated for theterrible suffering that Mr. Bravo caused.

Let's go to the first key point of evidence that Mr.
Bravo and his fellow soldiers conspired to shoot and kill 19
unarmed prisoners.

<sup>02:23PM</sup> 21 First, I just want to orient everybody to Argentina and
<sup>02:23PM</sup> 22 to the city of Trelew which is on the next slide. So we see here
<sup>02:23PM</sup> 23 at the top of the slide is Florida. Down near the bottom, you can
<sup>02:23PM</sup> 24 see in red, the Almirante Zar Naval Base in Trelew, Argentina.
<sup>02:23PM</sup> 25 And that is where the killings took place. Trelew is near the

1 Atlantic coast of Argentina.

02:23PM

02:23PM

02:24PM

02:25PM

02:25PM

02:25PM

02:25PM

02:25PM

02:25PM

02:25PM

02:25PM

02:25PM

2 Now, back in 1972 in August, Argentina was under the rule 3 of this military dictator Alejandro Lanusse. During his regime, 4 civil liberties were routinely violated. There was military violence against civilians, there were military tribunals for 5 6 civilians who the regime labeled at subversives, and they used 7 that label widely. There was no due process. There was detention 8 without charge, and the regime had a practice of moving political 9 prisoners to remote areas.

Now, do you think the regime was up front about these
policies? No, it was not. You will hear evidence from historical
experts that the regime covered up and was not up front about many
things, including its civil rights violations.

Now, why is this important? Because you may assume that people who are in prison must have done something wrong, and certainly the victims in this case escaped from another prison. But at this time in Argentine history, anyone who opposed the military dictatorship including ordinary middle class people, students, pro democracy activities could end up in prison.

In this case, we have little to no evidence about why the Trelew victims were in prison in the first place. There are no charging documents saying what they were specifically charged with doing. There is no evidence of criminal convictions. But even if that evidence existed, it wouldn't matter because this case is about -- is not about what these prisoners might have done before; 1 | it is about what happened in the cellblock area that night.

Now, on the next slide, we see where our story begins,
which is one of those remote prisons where the Lanusse regime
moved people that they labeled subversive. It's the Rawson Prison
in Chubut. It's not too far away from Trelew.

Now, there was a prison break from Rawson involving 25
prisoners. 19 of them negotiated their surrender. Those are the
19 who would get taken to Trelew and later shot and killed.

9 Now, there are military reports that a prison guard was
10 killed during the escape, but there is practically no evidence in
11 this case about what exactly happened.

Mr. Bravo certainly was not there at Rawson during the
escape. And, remember, the people who could dispute the
military's account were killed by the military in Trelew.

15 So getting back to the 19 who negotiated their surrender, 16 I want to emphasize that negotiation of their surrender because 17 it's important to understand that these prisoners didn't have some They surrendered. You don't surrender if you're 18 death wish. 19 trying to get yourself killed. Also, some of the prisoners had 20 young children, one was pregnant, they had important things to 21 live for. One was a medical student. This is important because 22 the defense is going to tell you that these young men and women 23 decided to run unarmed at soldiers with machine guns pointed at 24 them. It doesn't make sense.

02:27PM

25

02:25PM

02:25PM

02:25PM

02:26PM

02:27PM

02:27PM

02:27PM

02:27PM

02:27PM

02:27PM

02:27PM

02:27PM

Next, we see an aerial view of the Almirante Zar Naval

1 Base in Trelew. This is where the 19 who surrendered were taken. 02:27PM 2 It was even more remote than Rawson, and this is where the 02:27PM 3 killings took place. They took place in what is called the main 02:27PM 4 building which is marked in that yellow box that you see towards 02:27PM 5 the center near the bottom side of that photo. 02:27PM 6 Next, we're going to go to a reconstructed floor plan of 02:28PM 7 the cellblock area as it existed back in 1972. This is where the 02:28PM 8 prisoners were shot. The layout is in Spanish, and you'll hear 02:28PM 9 how a forensics expert named Dr. Rodolfo Pregliasco reconstructed 02:28PM

10 it. You can see 10 cells. Each one is marked celda. Cells 7 02:28PM through 10 are on the right side. That's the east side, and 11 02:28PM 12 between them is that narrow 4-foot 11-inch wide corridor. Cells 1 02:28PM 13 through 6 are on the left side or the west side. The 19 prisoners 02:28PM 14 were held two or three to a cell, and at least Cell No. 1 was 02:28PM 15 empty. 02:28PM

16 Now, I'd like to draw your attention to the approximate
17 location of that telephone office in the middle right of the
18 photo.

02:28PM

02:28PM

02:28PM

02:28PM

02:29PM

02:29PM

02:29PM

02:29PM

You will hear video testimony that this telephone room had to be staffed 24/7 because all calls to and from the base were routed through that office. But critically, it wasn't staffed that night, the night of the massacre, which suggests that the entire massacre was pre planned to avoid having any witnesses.

02:29PM24Now, the evidence will show that on the night of the02:29PM25shootings between 3:00 A.M. and 4:00 A.M. in the early morning,

1 the following officers showed up to the cellblock area. We'll see
 2:29PM 2 them on the next slide.

Now, obviously these are photos from much later than
1972. But these are the officers. You have the defendant,
Lieutenant Bravo, on the far left and three of his colleagues who
have now passed away. Lieutenant Sosa, Lieutenant Del Real -- I'm
sorry. Captain Sosa. And then the other two are lieutenants, Del
Real and Herrara. Unfortunately, we don't have any pictures of
Herrara.

10 Now, one thing I want to emphasize is that there is an important difference in the Argentine military between officers 11 12 and enlisted men, and enlisted men are also sometimes referred to 13 as conscripts. It's like the difference between commissioned 14 officers and noncommissioned officers or NCOs in our military. 15 Officers have the higher rank, and they oversee enlisted soldiers. 16 These men here were all officers, and the evidence will show that 17 the conspiracy to kill the prisoners was between the officers.

Which brings us to the enlisted men who may have been in the cellblock area that night. On the left, we have Corporal Carlos Marandino -- who was, again, a young man back in 1972 -- he was definitely there when the officers arrived, but he denies ever being in the room or in the cellblock area when the shots were fired. He says that officer Bravo told him to leave before the shooting began.

02:31PM **25** 

02:29PM

02:29PM

02:29PM

02:29PM

02:29PM

02:30PM

02:31PM

02:31PM

02:31PM

02:31PM

On the other hand, Mr. Bravo claims that Mr. Marandino

1 helped shoot the prisoners but was following Mr. Bravo's orders.
2:31PM
2 Either way, there is no evidence that Mr. Marandino had any idea
3 what the four officers had in mind when they showed up at the
2:31PM
4 cellblock that night.

02:31PM

02:31PM

02:31PM

02:32PM

02:32PM

02:32PM

02:32PM

02:32PM

5 As for Corporal Marchan depicted there on the right. We 6 don't have a photo. We know very little about him. He died 7 before any real investigation took place.

8 Next, we will see some of the weapons that the soldiers 02:31PM 9 were holding. The officers in the cellblock area were armed with 02:31PM 10 guns like these. At the top, you see a PAM machine gun. These 02:31PM 11 are automatic weapons with magazines of 25 to 45 bullets. Bv 02:31PM 12 automatic, I mean pull the trigger and the bullets keep coming out 02:32PM 13 until you release the trigger or the magazine runs out of bullets. 02:32PM 14 So that's the gun on the top. It's actually significantly bigger 02:32PM 15 than the gun that is on the bottom, but the gun on the bottom is 02:32PM 16 just blown up. That is a 45-caliber Colt handgun. The handguns 02:32PM 17 were likely used for close-range execution-style shots. 02:32PM

Now, upon arriving at the cellblock area, Lieutenant
Bravo ordered Marandino to unlock the cells. The prisoners were
then forced to stand in two lines down that narrow 4-foot 11-inch
wide corridor, and then the massacre happened. We go to the next
slide.

Mr. Bravo and his fellow soldiers claimed that the
 prisoner nearest to them on the right-hand side tried to attack a
 fellow officer. That's mostly likely a lie because what happened

next is that the soldiers opened machine gun fire spraying all of
 the prisoners in the corridor, at least 18 of whom were unarmed
 and defenseless. Everyone agrees.

02:33PM

02:34PM

02:34PM

02:34PM

02:34PM

02:34PM

02:34PM

The soldiers couldn't even see the prisoners in the back near Cell 6 and 10 who they admit to shooting. As you can see, the prisoners were penned in. Any prisoners who dove back into their cells for cover were followed in by officers and shot at close range with handguns. You don't pursue unarmed prisoners for kill shots and execution-style shootings if just one prisoner attacks.

All 19 prisoners were shot. 16 died of their wounds.
Only three survived.

13 Now, how do we know that this is what happened? Well, 14 because some survived; one of those was Alberto Camps, Raquel's 15 father, a picture of whom you see here. He gave a statement while 16 he was recovering. He explained, and this is the very next day 17 after the incident, what happened when he was one of the victims who dove back into the cell. So after the initial round of 18 19 machine gun fire, he dove into his cell, and then here's what he said happened. 20

21 Instants later, the above officer Bravo arrived 02:34PM Quote: 22 at my cell door welding a 45-caliber pistol in his right hand, and 02:34PM 23 ordered us to stand up, which my mate Delfino and I did. Officer 02:34PM Bravo immediately asked me if I was going to answer all the 24 02:34PM 25 questions of the interrogations. I said no. Officer Bravo 02:34PM

02:34PM 02:34PM 02:34PM 02:34PM 02:35PM 02:36PM 02:36PM

02:36PM

02:36PM

1

2

reacted to this by shooting his 45-caliber pistol at point-blank range, wounding me at the level of the stomach.

3 Now, that would have been an excruciating way to kill 4 someone, and he would have died too if enlisted soldiers from 5 elsewhere in the base hadn't heard the shootings and come running 6 in. Once the cellblock was full of witnesses, the officers' plan 7 was interrupted, and so the officers told the enlisted men that 8 the prisoners had attacked them and were trying to escape, and 9 then the officers pretended that they were interested in getting 10 medical care for the prisoners.

11 Now, there is certainly more evidence that you'll hear 12 over the course of this case. But ultimately all of Bravo's 13 co-perpetrators were convicted of this heinous crime in Argentina 14 back in 2012. And here you see from the stipulated facts that the 15 Court read to you earlier on October 15, 2012, an Argentine court 16 convicted Luis Emilio Sosa and Emilio Jorge Del Real of, first, 17 homicide committed with malice for the killings of, and then those 18 are the 16 prisoners who died; and, second, attempted homicide 19 committed with malice for the attempted killings of, and then you 20 have the three prisoners who survived that night, including Mr. 21 Camps.

02:36PM22Now, the only reason why Mr. Bravo didn't stand trial for02:36PM23this crime in Argentina is that he was here in Miami. But02:36PM24importantly, the country of Argentina has understood that the02:36PM25military committed an awful massacre at Trelew and has taken

1 responsibility for it. Argentina has passed what are considered 02:36PM reparations law which pay survivors' benefits to the families of 2 02:36PM 3 victims who were killed or detained by the military during its 02:36PM 4 many atrocities, and all of my clients' families have received 02:36PM those benefits in acknowledgment of the Trelew Massacre. 5 02:36PM 6 Argentina has accepted responsibility that this act was committed 02:36PM by its military, but Mr. Bravo still claims that he did nothing 7 02:37PM 8 wrong. 02:37PM

9 Now, one question you might have is why. Why would Bravo 02:37PM 10 and his men kill these prisoners in cold blood? Well, the 02:37PM 11 conspirators have never said why. But there's one obvious motive 02:37PM 12 and that -- and that's that this was revenge for the escape from 02:37PM 13 Rawson which many saw as an embarrassing episode for the Argentine 02:37PM 14 military. 02:37PM

I will now go on to my second key point of evidence that
Mr. Bravo's self-defense story is false and part of the conspiracy
to cover up the massacre.

Now, if we could go to the next slide. This is Mr.
Bravo's story about he had to kill all the prisoners out of
self-defense.

02:37PM

02:37PM

02:37PM

02:37PM

02:37PM

02:37PM

02:37PM21Now, he has to explain how 19 unarmed prisoners housed in02:37PM22seven to eight different rooms were all shot in the hallway and02:37PM23with the cell doors open and not a single soldier was hurt.02:38PM24Here's what he says. First, he says that he and other officers02:38PM25came to the cellblock area at 3:30 A.M. in the dead of night based

1 on the report of an unknown corporal who he cannot identify.

02:38PM

02:38PM

02:39PM

02:38PM2Then, contrary to protocol, the officers ordered all of02:38PM3the prisoners out of the cells and into the hallway.

02:38PM4Then again contrary to protocol, Captain Sosa walked02:38PM5between the lines of prisoners with his holstered gun.

O2:38PM 6 Then, Mr. Bravo claims that a prisoner named Pujadas
O2:38PM 7 attacked Sosa, the captain, took Sosa's gun, and shot at all -O2:38PM 8 shot at the soldiers; and at the same time, he says, at the same
O2:38PM 9 time, all the prisoners moved forward.

Now, it's important to Mr. Bravo's story that all of the
prisoners moved at the same time because he uses it to justify
what comes next.

He then says he and his soldiers shot all the prisoners
from a distance before the prisoners could advance more than two
feet, and then there was no more shooting.

16 Now, I'm not going to point out every single problem with17 this story, but I want to discuss a few points.

First, not even Bravo can explain why they let all of the supposedly dangerous prisoners out of their cells at the same time. It was an absurd things to do. So Bravo blames that on his superior officer Captain Sosa who is now dead, but the evidence will show that it was actually Mr. Bravo who ordered everyone out of their cells.

02:39PM24Second, why would these unarmed prisoners run directly at02:39PM25soldiers with machine guns? Remember, they all had surrendered

02:40PM
 1 before, and some of them were parents of young children and a
 02:40PM
 2 pregnant woman.

And, third, the physical evidence contradicts Mr. Bravo's 3 02:40PM 4 It shows at least one victim shot from the back, not the story. 02:40PM front, execution-style in the neck. It also shows close-range 5 02:40PM 6 gunshot wounds that are completely inconsistent with Mr. Bravo's 02:40PM 7 story and much more consistent with Alberto Camps' survivor's 02:40PM 8 statement. Overall, the evidence will show several problems with 02:40PM 9 Mr. Bravo's story. 02:40PM

Now, after the shootings, the military's cover up began.
It had several parts. First, the military developed its purported
official story and ordered all soldiers at Trelew to parrot that
story when talking about the shootings.

02:40PM

02:40PM

02:40PM

02:40PM

02:40PM

02:40PM

02:40PM

02:41PM

02:41PM

02:41PM

02:41PM

02:41PM

02:41PM

02:41PM

02:41PM

02:41PM

Second, the military threatened witnesses who might contradict the official story, and you know they didn't stop there. They also passed a law that made it illegal to tell a contrary version of events from the official story. That law was in effect for a year. What greater sign is there of guilt?

Now, third, the military performed a biased investigation
that exonerated or purported to exonerate the officers. You will
hear Mr. Bravo's lawyers talk about documents called the Auditor
General's Report and the Lanusse Decree. These documents simply
involve the military investigating itself and finding itself
innocent. They are self-serving and biased and were completely
rejected by the Argentine courts when they convicted Mr. Bravo's

1 | co-perpetrators of murder back in 2012.

02:43PM

02:43PM

02:43PM

02:43PM

02:43PM

02:43PM

25

2 And the most awful part of the military cover up involved 02:41PM 3 silencing the victims' families and lawyers by killings, 02:41PM disappearance, and kidnapping children. My client Alicia Krueger, 4 02:41PM who is 77 years old, fled Argentina with her two young children 5 02:42PM 6 after her lawyer was murdered. My client Marcela Santucho was 02:42PM 7 kidnapped at age 13 along with three siblings, one of whom was 02:42PM 8 still an infant. The military also kidnapped my client Raquel 02:42PM Camps along with her brother when she was a child and the same day 9 02:42PM killed her father and disappeared her mother. And for my client 10 02:42PM 11 Eduardo Cappello, the military disappeared his father, his mother, 02:42PM 12 and his 12-year-old brother. He never saw them again. In order 02:42PM 13 to send a clear message, the military committed many of these 02:42PM 14 attacks on the anniversary of the Trelew Massacre or the 02:42PM 15 anniversary of the Rawson Prison escape. 02:42PM

We'll next move on to my third key point of evidence
which is that military persecution and the inability to find Mr.
Bravo have delayed my clients' day in court.

Now, one of Mr. Bravo's legal defenses is the statute of limitations. He says that my clients had to sue him within ten years but they took 48 years. The problem with that is that the ten-year statute of limitations period gets paused depending on the circumstances, and my clients had three very good reasons for not bringing their lawsuit until two years ago.

First, military persecution. My clients faced

significant obstacles to suing based on the horrors that the
 Argentine military visited on their families and lawyers as part
 of its cover up. That period of persecution goes from 1972 to at
 least 2005 when the Argentine government initiated its criminal
 investigation and started offering witness protection.

02:44PM

02:45PM

02:45PM

02:45PM

02:45PM

02:45PM

02:45PM

Second, even Argentine government prosecutors couldn't
find Mr. Bravo until 2008. Interpol had to help. My clients were
not expected to sue Mr. Bravo if they couldn't find him.

9 And, finally, my clients have been reasonably relying on 10 the criminal justice process in Argentina to hold Mr. Bravo 11 accountable. The law does not expect victims to run to the United 12 States and file a lawsuit when there are legal actions that they 13 can take in their home country, and that's exactly what my clients 14 have been doing.

So while my clients were not required to sue in 2020 when they did here in the United States, they decided that they had tried long enough to force Mr. Bravo back to Argentina, so they've come here to the United States to make sure that Mr. Bravo faces at least some level of justice now.

Now, Mr. Bravo is also raising another legal defense
saying that my clients failed to pursue all of their legal
remedies in Argentina before suing in the United States. That's
ironic because Mr. Bravo's statute of limitations defense is that
my clients spent too much time pursuing legal remedies in
Argentina, but he is also now saying that they should go back and

do more in Argentina. It doesn't make sense. Mr. Bravo cannot use this tactic to further delay justice.

3 And we're now going to move on to my final key point of 02:45PM 4 But before I do that, I just want to take a second to evidence. 02:45PM 5 introduce you to -- if you don't recall them, it was just very 02:45PM 6 briefly at the beginning, the members of my legal team who you 02:45PM will be hearing from or seeing during the course of this case, and 7 02:45PM 8 they are my colleagues Claret Vargas, Ela Matthews, Franco Muzzio, 02:45PM 9 and Neha Sabharwal, and Laura Lind. 02:46PM

10 My last key point of evidence that my clients must Okav. 02:46PM 11 be compensated for the terrible suffering that Mr. Bravo caused. 02:46PM 12 On the next slide, you will see Mr. Bravo's victims. Here they 02:46PM 13 There's been immense suffering at Mr. Bravo's hands. are. Beina 02:46PM 14 shot in the stomach as you watch others get massacred, losing a 02:46PM 15 mother, losing a husband, losing the uncle who would have been a 02:46PM 16 father figure and protector. 02:46PM

17 It's going to be your job to put a dollar value on these 18 terrible losses. It's a difficult thing to be asked to do. As 19 part of the damages in this case, I'll ask you to consider that 20 Mr. Bravo has lived a safe and profitable life here in the United 21 States while my clients have suffered. His net worth is at least 22 \$5 million. He has made so much money that a few years ago he 23 gave away \$500,000 to each of his three sons, a \$1.5 million gift.

Now, while Mr. Bravo enjoyed the last 50 years with his
family, my clients' families have been destroyed by him. This

1 case calls out for justice. At the end of it, we will be asking 02:47PM 2 you to provide that justice by returning a verdict that finds Mr. 02:47PM 3 Bravo liable for the massacre at Trelew. Thank you. 02:47PM 4 THE COURT: Mr. Davis, are you going to do the opening 02:47PM now? 5 02:47PM 6 MR. DAVIS: Yes, Your Honor. 02:47PM 7 THE COURT: I think you can raise the podium. 02:48PM 8 MR. DAVIS: What? 02:48PM 9 THE COURT: You can raise the podium and bring the 02:48PM microphone closer to you. I believe it's on the right-hand side. 10 02:48PM 11 MR. DAVIS: Technology. (Laughing.) 02:48PM Good afternoon. My name is Steve Davis. I represent 12 02:48PM Roberto Bravo. He's here. He's going to be -- to face this jury. 13 02:48PM 14 He is going to testify. He's going to tell you what happened in 02:48PM 15 Trelew in 1972, and we'll start with what this case is about. 02:48PM 16 This case is about him acting to protect himself in a sudden 02:48PM 17 instance. What happened was a tragedy, but it wasn't an 02:48PM 18 execution. 02:48PM 19 Before I get into the details of the case, I'd like to 02:48PM say thank you for being here. You went through a lot of questions 20 02:48PM 21 this morning, and thank you for serving. The system works because 02:48PM 22 you're here to evaluate these cases, and that's one of the 02:49PM 23 important things. 02:49PM 02:49PM

24This is the first time this case has ever been in front25of an American jury. The first time. And it's the first time

02:49PM

that there are advocates that are going to be presenting to an
 American jury based upon evidence, and so I -- I strongly disagree
 with my colleague's assessment, but I can tell you, you are the
 ones who are going to decide the evidence here.

02:50PM

We also thank you, but we're here to try and get the evidence to you so that you can make a fair evaluation of what really happened. As you were informed, this case is about the Torture Victims Protection Act, TVPA. In order to prevail on the -- under the TVPA, there are two things that the plaintiffs must show.

13 One, they must show that the killing that occurred was14 intentional, was deliberate, was calculated.

15 The second thing they must show is that this case was16 brought in a timely manner. They fail on both counts.

We will show you that everything Roberto did on that unfortunate night in 1972 was in self-defense. Roberto is going to take the stand. He's going to be right there. You're going to be able to look at him and evaluate him, and he's going to tell you that what happened was a response. It was not a calculated planned event. It was something that happened.

02:50PM23The law requires both these factors to be -- actually,02:50PM24that either of these factors have to be shown, and the truth is02:51PM25they can't show either.

1 Let's back up a little bit and talk about the facts that lead up to August 22, 1972. I will start by giving you some 2 3 background about Roberto to get you oriented. He was born in 4 1942. He's almost 80 years old. He grew up wanting to serve his In 1964, he joined the Argentine navy, which the marines 5 country. 6 are part of the navy. Roberto met and married his wife in Argentina. They've been married for 55 years, and together they 7 8 have three children and three grandchildren.

02:51PM

02:52PM

9 While in the Argentine navy, Roberto never served in any
10 combat positions. He was eventually transferred in 1972 to the
11 Almirante Zar Naval Base. Show the picture.

12 You saw the picture. This is a slightly different angle 13 I think than what you were shown before, but that's the naval 14 base. It's actually a naval air base. It's not on the water. 15 Roberto's job there was basically to order supplies. At the time, Argentina was not at war with another country. As you heard it, 16 17 may have been at war with itself. The military government was in 18 power led by General Lanusse. There were groups of people who 19 were opposed to that government and wanted to change. I believe the prisoners involved in this were part of that. And as you've 20 21 heard, that on August -- the week before, August 15, 1972, that 25 22 prisoners escaped from Rawson Prison.

Rawson Prison is a maximum security prison not controlled
by the military, controlled by the police. But Rawson Prison was
a maximum security prison. These 25 people escaped. They go to

1 the Trelew airport. Six of them are able to fly out on a 02:53PM 2 highjacked commercial airline, and by the way, this is after they 02:53PM 3 killed a guard at the maximum security prison. But the other 19 02:53PM 4 surrendered because they were caught. They had no choice. Thev 02:53PM 5 were caught. 02:53PM

O2:53PM 6 So rather than return the prisoners to Rawson, this
 O2:53PM 7 decision is made at another level, that the prisoners were taken
 O2:53PM 8 to the Trelew military base, and that's what happened.

02:53PM9Now, can we get the chart of the -- the navy base was not02:53PM10designed to be a prison. This is -- there's actually maybe other02:53PM11little examples of how and we'll show you the schematic by Roberto02:53PM12-- we'll show you where he was, and he's going to show you what02:53PM13happened on that terrible night.

14 But if you look at this, these cells are very -- well, I 02:53PM 15 don't know if it's discussed on the other opening. But the cells 02:53PM are small. They can barely hold one person let alone two. 16 02:54PM 17 There's no room. There's not room. There's not a bathroom. 02:54PM 18 There is not a bed that stayed in there. The prisoners got 02:54PM 19 mattresses at night. If the prisoners wanted to go to the 02:54PM 20 bathroom, they had to go get out of the prison. This is where 02:54PM 21 these prisoners were put. 02:54PM

02:54PM22And one of the prisoners that Roberto was -- one of the02:54PM23guards that Roberto was supervising were told by Roberto once or02:54PM24twice a day what is going on with the prisoners. That was --02:54PM25Roberto's interaction with the prisoners was very minor. He

didn't take prisoners to the bathroom. He didn't take the
prisoners for their meals. And one of the other things is he
didn't handle -- these prisoners, at best, were interrogated on
almost a daily basis by the police, trying to find out what
happened at the Rawson Prison escape.

02:55PM6The guards, really the corporals in guarding the02:55PM7prisoners were really tasked with the daily activities. The space02:55PM8was tight. The holding area was small. Each time the prisoners02:55PM9had to go eat, they had to go -- they had to be escorted to get to02:55PM10the -- to something to eat.

02:55PM

Now, you heard a lot about what happened on August 22nd that night at 3:00 A.M. I am going to lay out the events for you. And in this, I want you to evaluate -- think about what Roberto Bravo did. And by the way, the only party in this case is Roberto Bravo. It's not the Argentine military. It's not the country of Argentina. It's just one man who at that time was a second lieutenant in the navy, the marines.

18 So let's talk about what happened. After dinner that 02:55PM 19 night at 10:00 o'clock, Roberto was working at a logistics job 02:55PM making food allocations for the people that were on the base. 20 02:55PM 21 Around 3:00 A.M., he is summoned by guards that there is a 02:56PM disturbance going on at the cells. So he goes to the cells. 22 He 02:56PM 23 gets to the cells. When he finally gets to the cells, he finds 02:56PM 24 out -- he finds two corporals there, Corporal Marandino and 02:56PM 25 Corporal Marchan. 02:56PM

## Can you put up the players list?

Here they are. I will kind of walk through the people 2 3 that were present there that night. Roberto Bravo was there. But 4 when he first got to the cells, he saw Corporal Juan Marchan and Corporal Marandino. Within seconds after he gets there, Commander 5 6 Sosa arrives. Commander Sosa is in charge. Two other officers 7 who were also senior to him. Lieutenant Juan Carlos, Antonio 8 Guerro, Lieutenant Emilio Jorge Del Real were there. And the 9 Second Lieutenant, Roberto Bravo, he is the junior officer there.

10 Roberto is going to tell you that Sosa ordered the cells 11 be emptied and the prisoners come out. When the prisoners were 12 coming out -- and by the way, we didn't talk about it, but the 13 cells are not the cells that you might imagine looking at TV where 14 there are bars. They are just a door. So if someone wanted to 15 communicate with the prisoners, they needed the prisoners to get 16 out. But regardless no one is defending that decision of why Sosa 17 ordered them out.

18 But Commander Sosa ordered them to come out. Corporal 02:57PM 19 Marandino walks down the hallway opening up all of the doors to 02:57PM 20 let the prisoners out. The prisoners come out. Roberto at this 02:57PM 21 point feels uncomfortable. He picks up the machine gun that 02:57PM Corporal Marchan, who was there, who was not feeling well, left 22 02:57PM 23 when he was there. You will then hear Commander Sosa decides 02:57PM inexplicably to walk through the prisoners down the hall and back, 24 02:58PM 25 and there's other testimony that besides Roberto's. But beyond 02:58PM

1 that though, Commander Sosa is addressing the prisoners telling
them to not misbehave, to not be communicating with themselves.
He's yelling at them, and he's addressing them like a military
officer would address soldiers.

At the end of the prison line -- and this is where the 5 02:58PM 6 events go awry -- Mr. Pujadas who was at the end, one of the 02:58PM prisoners, hits Sosa, grabs his gun, gets two shots fired off, and 7 02:58PM 8 Roberto reacts. Roberto reacts with his machine gun. Del Real 02:58PM 9 also has a machine gun, and he also reacts. They're not side by 02:58PM 10 side, but they're close to each other. And what happened is 02:58PM 11 awful. It's a tragedy. 02:59PM

They shoot in the same direction. Sosa went down. They're shooting in the same direction as Sosa. He doesn't get hurt, but it wasn't a planned execution. It was an instinctive action by Roberto in a split second that was -- and the whole event was over in seconds because the machine guns are automatically discharged, and they provided this great tragedy.

02:59PM

03:00PM

Now that you were shown the Camps statement -- for sure, Mr. Camps said that, but I can tell you Roberto will testify to you tomorrow or Wednesday, whenever he testifies, that he never used a handgun on anybody. He never did anything -- he had a handgun, and he handed it to another soldier there, but he did not have a handgun. He did not see anyone being shot with a handgun.

03:00PM24But what you'll see is that what happened is in the03:00PM25aftermath, Roberto called for help, soldiers came, and that's

1 really what happened. Roberto was -- again, look at the people 2 there. Roberto was in charge of logistics. Herrara was the 3 accountant at the base. They weren't trained in handling 4 They were definitely not trained to deal with 19 prisoners. 5 prisoners, not just 19 prisoners who had managed to escape a high 6 security prison killing a guard. As I said before, Roberto is 7 going to testify that he never used a handgun. He never walked 8 over the dead or wounded. He didn't go back into the cells. The 9 claims in this lawsuit to sue Roberto for not only killings and 10 for torture by shooting, but they sue him for joint enterprise, 11 conspiracy, and aiding and abetting the story.

03:00PM

03:01PM

03:02PM

03:02PM

12 The story I told you as to what Roberto does not -- is 13 not an extrajudicial killing. It is a horrible event, but it is 14 not something that someone is liable for under the TVPA.

Look at the broader picture. Roberto was the most junior officer present. Commander Sosa was in charge. Commander Sosa ordered the prisoners to be taken and released from their cells and placed in the hallway. Commander Sosa decided to walk through the ranks of the prisoners. A gun was fired. Roberto reacted. That's what happened. And to think of it more broadly is now the allegations about what the Argentine military did.

Roberto did not arrest these prisoners. He had nothing
to do with their escape from Rawson. He had nothing to do with
their recapture. In fact, he was on vacation a thousand miles
away when all this was happening. Roberto had nothing to do with

O3:02PM 2 In this case, the plaintiffs seek to hold him responsible
O3:02PM 3 for the acts of Argentina. Roberto is just a man, a man in this
O3:02PM 4 courtroom seeking justice.

5 Plaintiffs also appear to be asking the Court to award 6 damages against Roberto for what happened in the 1970s. And at 7 the time, Roberto in 1972 was a 30-year-old junior officer 8 operating as -- basically ordering supplies. The plaintiffs 9 cannot hold Roberto liable because he acted in self-defense, 10 again, in reaction to Pujadas' actions.

Another issue you're going to be asked to decide in thiscase is the statute of limitations.

Put that up. So let's kind of look at -- the statute of
limitations is a ten-year statue of limitations. That is one
thing that we agreed with. Next slide. The important date's
August 22, 1972. That's when the events happened.

17 Continue. 1973, Roberto attends military school in the 18 United States. Testimony will be, and it is undisputed, Mr. Bravo 19 was assigned to come to the United States. He went to military school at Camp Lejeune in North Carolina; Fort Benning, Georgia. 20 21 He went to school around Washington, D.C., area. In 1978, he 22 retires from the Argentine military even getting a pension. In 23 1980, he becomes a resident of the United States, and he continues 24 to live his life.

03:02PM

03:02PM

03:02PM

03:02PM

03:03PM

In 1982, he moves down to Miami, and he is going to tell

1 you when he started in Miami, he started from nothing. He had 2 very little. He took odd jobs working as a busboy, did whatever 3 he could to build his life up, and by 1987, he became a United 4 States citizen. And during that time, he went to school and was able to get an education, and by 1990, he received his bachelor's 5 6 degree from Saint Thomas University, and he starts opening businesses, and he is successful. And he's going to tell you a 7 8 little bit about what he did in doing that.

03:04PM

03:05PM

9 But Roberto Bravo throughout all this time everything he 10 did whether he bought a house, had a driver's license, registered 11 to vote, always in his own name, always in Roberto Guillermo Bravo 12 or Roberto G. Bravo. In 1990, a company was formed, RGB. He was 13 easily located by anyone who wanted to find him. He's here in 14 Miami.

15 Starting in 1995, you will see the evidence that the 16 plaintiffs in this case -- they say that they could have started 17 pursuing Roberto. They do. They're sending letters to the 18 Argentine president asking -- demanding justice. But what does 19 that mean for the statute of limitations? It means they could 20 have sued from 1995 on because no matter what was going on in 21 Argentina, the courts of the United States were always open. He 22 could have always been sued here in the United States.

23 So ten years. This case was ultimately filed in 24 October 20th of 2020, and it's our view that the evidence is 25 overwhelming that the statute of limitations had long passed 03:05PM
1 before the time that they filed suit. There was an extradition
03:05PM
2 filed against Roberto in February of 2010, more than ten years
03:05PM
3 before the -- before their case was filed. All of this
03:06PM
4 conclusively shows that he doesn't satisfy the statute of
03:06PM
5 limitations.

6 Now, another thing you were told, and counsel is right, I 03:06PM was going to talk about this. There was one investigation that 7 03:06PM 8 was conducted in this where Roberto Bravo actually got to 03:06PM participate, and that is -- and you're going to get to see the 9 03:06PM 10 documents that relate to that, and that's a General Auditor's 03:06PM 11 Report that was prepared in 1972. Roberto was interviewed 03:06PM 12 immediately after the incident. There were all sorts of things 03:06PM 13 that the Argentine military did to express it. And we're going to 03:06PM 14 show you that report. It is a stipulated document in evidence 03:06PM 15 we're going to show you that report as to what it said Roberto 03:06PM 16 did, and there's two things that are confirmed in that report. 03:06PM

17 It says, Roberto never acted deliberately in his actions 03:06PM against any of the victims. And the other thing that it's going 18 03:06PM 19 to show you is that justice is something that -- you need to 03:07PM consider all of the evidence, all of the sides. This case --20 03:07PM 21 Roberto Bravo is fortunate to be in a United States courtroom to 03:07PM 22 be able to express why this is not a case that should be brought 03:07PM 23 against him for two reasons: The fact that it was not an 03:07PM 24 intentional act, it's not an extrajudicial killing, and that the 03:07PM 25 statute of limitations expired require you to find at the close of 03:07PM

1 the evidence that a verdict should be entered in Roberto Bravo's 03:07PM 2 favor. Thank you for your time. 03:07PM 3 THE COURT: Okay. Ladies and gentlemen, I know I told 03:07PM vou that I would give you a morning break and an afternoon break, 4 03:07PM and this is about the time that we would normally take our 5 03:08PM 6 afternoon break, so I'd like to invite you to go back to the jury 03:08PM 7 room for the first time and check out the amenities, and could you 03:08PM 8 please all be back with us at 3:25 so that we can begin the 03:08PM 9 presentation of evidence. 03:08PM 10 (Jury out at 3:08 P.M.) 03:08PM 11 THE COURT: Mr. Krishnan, would you test whatever 03:08PM 12 technology you need for your first witness now? 03:08PM 13 MR. KRISHNAN: Yes, and I apologize for what happened 03:09PM 14 earlier, Your Honor. Thank you. 03:09PM 15 THE COURT: It always has something. So what cord are 03:09PM you going to need? 16 03:09PM I'm sorry, Your Honor. 17 MR. KRISHNAN: 03:09PM 18 THE COURT: What tech do you need? I thought you said a 03:09PM 19 video. 03:09PM MR. KRISHNAN: I think it's no different than what we 20 03:09PM 21 used for opening. 03:09PM 22 THE COURT: So then we're all set, and I'll see you at 03:09PM 23 3:25. 03:09PM 24 MR. KRISHNAN: That sounds good. 03:09PM 25 MR. DAVIS: 3:25? 03:09PM

48

1 THE COURT: Yes. 03:09PM (Recess until 3:25 P.M.) 2 03:12PM 3 MR. KRISHNAN: Your Honor, may I just raise one quick 03:25PM 4 issue before the jury arrives? 03:25PM THE COURT: Yes. 5 03:25PM 6 MR. KRISHNAN: Which is that the next witness will be Dr. 03:25PM Jim Brennan, historian. One of the exhibits that we plan to use 7 03:25PM 8 was Plaintiffs' Exhibit 114. There was -- it's a picture, and 03:25PM there is a little text on the picture, a little caption. There 9 03:25PM 10 was a hearsay objection by the defense to the text, and so what we 03:25PM 11 propose to do is -- and we have copies of this. We've redacted 03:25PM 12 the text to resolve the objection, and I think defense has 03:25PM 13 indicated that that resolves their objection. So I just wanted --03:25PM 14 so we have a copy without the text on it. We are going to hand it 03:25PM 15 up to the Court, a witness binder with all the exhibits that will 03:25PM be used. We can also give you another copy to replace --16 03:25PM THE COURT: 17 The redaction. Okay. So then let me read 03:25PM 18 back what I think I need to do. You are moving now to admit 03:25PM

03:26PM 19 Plaintiffs' Exhibit 114 as redacted.

03:26PM

20

21

And, Mr. Davis, you've indicated no objection thereto. MR. DAVIS: (Nodding.)

03:26PM22THE COURT: So admitted. If we can use our time when the03:26PM23jury is out of the room like this to preemptively move exhibits in03:26PM24for which there are no objection, that will help us move things03:26PM25quickly. So I appreciate that. 114 is in evidence with the

03:26PM	1	redaction.
03:26PM	2	(Plaintiff's Exhibit No. 114 received.)
03:26PM	3	MR. KRISHNAN: Thank you, Your Honor.
03:26PM	4	May we approach, Your Honor, with the exhibits?
03:26PM	5	THE COURT: Yes, you may. And defense counsel has a
03:26PM	6	copy?
03:26PM	7	MS. MATTHEWS: I'll give it to him right now.
03:26PM	8	THE COURT: Thank you.
03:26PM	9	(Jury in at 3:26 P.M.)
03:27PM	10	THE COURT: If you left your purse in the jury room, you

03:27PM	12	it or you can retrieve it when we break.
03:28PM	13	Still missing one juror?
03:28PM	14	JUROR: Yes. He went to the restroom.
03:28PM	15	THE COURT: Everybody have a seat.
03:28PM	16	Are you ready to call your first witness?
03:29PM	17	MS. MATTHEWS: Professor James Brennan.
03:29PM	18	THE COURT: Okay. Mr. Brennan.
03:29PM	19	MS. MATTHEWS: May I approach, Your Honor? It's just the
03:29PM	20	exhibit.
03:29PM	21	THE COURT: The exhibit that's in evidence. All right.
03:29PM	22	114.
03:29PM	23	MS. MATTHEWS: And one other exhibit that we will be
03:29PM	24	using.
03:29PM	25	THE COURT: It's not in evidence yet.

03:29PM	1	MS. MATTHEWS: Okay.
03:29PM	2	THE COURTROOM DEPUTY: Sir, if you could please raise
03:29PM	3	your right hand.
03:29PM	4	(The witness is sworn.)
03:29PM	5	THE WITNESS: I do.
03:29PM	6	THE COURTROOM DEPUTY: Thank you. Can you please state
03:29PM	7	your name and spell it for the record.
03:29PM	8	THE WITNESS: James Brennan, B-R-E-N-N-A-N.
03:29PM	9	THE COURTROOM DEPUTY: Thank you, sir.

03:33PM	22	situation of human rights in Argentina in these years, and provide
03:33PM	23	some background to the obstacles that the families of Trelew may
03:33PM	24	have encountered in seeking legal redress for what had happened.
03:33PM	25	Q. What materials did you review in preparing for your opinions

53

03:33PM 1 | in this case today?

2 I consulted the Truth Commission Report that was put together Α. 03:33PM after the fall of the last military dictatorship, government 3 03:33PM documents, court cases, much of -- much of my testimony relies on 4 03:33PM 5 my many years of research in Argentina in archival sources, world 03:33PM 6 histories, all kinds of sources. Historians are very eclectic, 03:33PM 7 how we conduct our research. 03:34PM

 03:34PM
 MS. MATTHEWS: At this time, I'd like to offer Professor
 03:34PM
 Brennan as an expert in Argentina since 1945.

MR. SONNETT: We have no objection, Your Honor.

03:34PM **11** 

THE COURT: So recognized.

03:34PM 12 BY MS. MATTHEWS:

Q. As part of your testimony today, Professor Brennan, I'd like
14 to talk to you about three periods in Argentina's history. Could
you briefly describe the government in Argentina at the time of
the 1972 Trelew incident?

17 A. Yes. The government in Argentina under Alejandro Lanusse was 03:34PM the third of three military presidents following a 1966 coup 18 03:34PM 19 d'etat in Argentina. The military took power once against, long 03:34PM history of military coups in Argentina's modern history. This 20 03:34PM 21 military government was really one government, but it went 03:34PM 22 through three different stages with three different presidents. 03:34PM 23 The changes had to do with internal conflicts within the military 03:35PM regime and other factors as well. But the president -- there was 24 03:35PM 25 one president from 1966 to 1970, a second briefly in 1970 to 1971, 03:35PM

1 and Lanusse was the final president in power from 1971 to 1973. 03:35PM 2 Then I'd like to discuss the era in Argentina that followed Q. 03:35PM 3 the killings that took place at Trelew. 03:35PM Can you very briefly tell me about Argentina between 1973 4 03:35PM and 1983? 5 03:35PM 6 A. Yes. From 1973 to 1976, we did have a democratically elected 03:35PM 7 government in Argentina. A government that was a Peronist 03:35PM 8 government, as this government was characterized by high levels of 03:35PM 9 conflict of all kinds, state-directed violence, other things as 03:35PM 10 well, that was followed by a military coup in 1976 with the 03:36PM 11 military government in power until 1983, which then brought with 03:36PM 12 it the restoration of democracy that we live with in Argentina to 03:36PM 13 this day. 03:36PM 14 Q. And then we will discuss Argentina since 1983. And can you 03:36PM 15 just very briefly tell me about that period? 03:36PM 16 A. Yes. It's -- again, this is a period -- extended period of 03:36PM 17 democratic governance, a departure from Argentina's previous 03:36PM 18 history in the postwar period, which were punctuated by military 03:36PM 19 coups. We've had democratically elected governments ever since 03:36PM 1983, alternating political parties. It is a period that's been 20 03:36PM 21 fraught with all kinds of complications. The attempt to rebuild 03:36PM democracy after many years of upheaval and violence and problems 22 03:36PM 23 of all sorts have been a difficult, painstaking one, but it has --03:37PM 24 progress has been made, and there have been outstanding issues 03:37PM 25 that Argentina has had to grapple with as it rebuilds its 03:37PM

03:37PM	1	democracy.
03:37PM	2	Q. You mentioned the military coup d'etat that occurred in 1966?
03:37PM	3	A. Uh-huh.
03:37PM	4	Q. First, could you explain to the jury what a coup d'etat is?
03:37PM	5	A. A coup d'etat is what in Spanish, it's called (Speaking
03:37PM	6	Spanish). If you speak Spanish, it's a violent often in
03:37PM	7	Argentina, it wasn't actually violent. Sometimes it was,
03:37PM	8	sometimes it wasn't, but it's a takeover of a
03:37PM	9	democratically-elected civilian government by the military. It
03:37PM	10	can be violent in the takeover; at times it's not. But it's a
03:37PM	11	forcible removal of a democratically elected government by a
03:37PM	12	military regime.
03:37PM	13	Q. You mentioned that one of these occurred in 1966. What
03:38PM	14	motivated the military takeover in 1966?
03:38PM	15	A. Well, there were diverse motivations for that particular coup.
03:38PM	16	There were ongoing economic problems that the military regime
03:38PM	17	proposed a very different economic model from the one that had
03:38PM	18	been in place under the previous civilian democratic government.
03:38PM	19	There were ongoing problems, perceptions by the military of
03:38PM	20	internal problems having to do with stability of the country,
03:38PM	21	threats to national security, the kinds of questions that military
03:38PM	22	is very concerned about. There was also a sense of Argentina
03:38PM	23	being a country in decline and that the military could provide
03:38PM	24	solutions to ongoing problems that democratically-elected civilian
03:38PM	25	governments had been unable to do. So multiple factors, as is

03:38PM	1	always the case in these military coups, compelled that particular
03:39PM	2	coup.
03:39PM	3	Q. When did General Lanusse come to power?
03:39PM	4	A. He came to power in 1971.
03:39PM	5	Q. And do we have a picture of him in your slides?
03:39PM	6	A. Yes, we do.
03:39PM	7	Q. And is there a picture of General Lanusse?
03:39PM	8	A. Lanusse, yes.
03:39PM	9	Q. Was Lanusse elected?
03:39PM	10	A. No, he was not.
03:39PM	11	THE COURT: Counsel, is this in evidence?
03:39PM	12	MS. MATTHEWS: No. It's just a demonstrative.
03:39PM	13	THE COURT: Okay. Is it marked with a number?
03:39PM	14	MS. MATTHEWS: No.
03:39PM	15	THE COURT: Okay. You can't publish things that aren't
03:39PM	16	part of the record.
03:39PM	17	MS. MATTHEWS: Can we just mark it as PDX 1?
03:39PM	18	THE COURT: Okay. Any objection to the display of PDX 1?
03:39PM	19	Mr. Sonnett?
03:39PM	20	MR. SONNETT: We have no objection to it, Your Honor.
03:39PM	21	THE COURT: All right; so marked. Go ahead.
03:40PM	22	BY MS. MATTHEWS:
03:40PM	23	Q. One of the documents in this case uses the word junta. Could
03:40PM	24	you explain to the jury what a junta is?
03:40PM	25	A. A junta is a military government.

03:40PM	1	Q. In a sentence, how would you describe the Lanusse regime from
03:40PM	2	a civil rights perspective?
03:40PM	3	A. I would describe it as with all the military governments in
03:40PM	4	Argentina post-war history, one that infringed on civil liberties,
03:40PM	5	a government that was guilty of many things, press censorship.
03:40PM	6	There were human rights questions that came up as well during
03:40PM	7	these years. So it was an authoritarian regime, very, very
03:41PM	8	oppressive in terms of its dealings with the population in terms
03:41PM	9	of civil liberties, press freedom, et cetera.
03:41PM	10	Q. When you say human rights questions that came up, what human
03:41PM	11	rights questions are you referring to?
03:41PM	12	A. Above all, issues of unlawful detention, there was an
03:41PM	13	antisubversive law that's passed as well that gives the government
03:41PM	14	broad powers to arrest and try people in military tribunals.
03:41PM	15	There things of that nature.
03:41PM	16	Q. What about the issue of people being detained without charge?
03:41PM	17	Was that something that was happening at that time?
03:41PM	18	A. That is something that was happening, yes.
03:41PM	19	Q. And who was the military detaining without charge at that
03:41PM	20	time?
03:41PM	21	A. I would describe them as average Argentines of all social
03:41PM	22	classes.
03:41PM	23	Q. You mentioned that Lanusse enacted an antisubversive law. Who
03:41PM	24	did that apply to?
03:41PM	25	A. That applied to those people that the government perceived as

James Brennan - Direct (Matthews)

03:42PM	1	both opponents of the government and threats to things like
03:42PM	2	national security.
03:42PM	3	Q. And the trials that happened in the military tribunals, would
03:42PM	4	you describe those as fair trials?
03:42PM	5	A. I would describe those as not as fair trials. I would
03:42PM	6	describe those as military tribunals where many where the due
03:42PM	7	process kind that you're witnessing here doesn't take place.
03:42PM	8	Q. Are you aware of Rawson Prison?
03:42PM	9	A. Yes, I am.
03:42PM	10	MS. MATTHEWS: And I would like to mark the next slide as
03:42PM	11	PXD PDX 2.
03:42PM	12	BY MS. MATTHEWS:
03:42PM	13	Q. Is this a picture of Rawson penitentiary prison?
03:42PM	14	A. Yes, it is.
03:42PM	15	Q. What was the significance of Rawson at the time of Trelew in
03:42PM	16	the early 1970s?
03:42PM	17	A. Well, it was a federal penitentiary where prisoners local
03:43PM	18	prisoners in particular were often sent to for reasons that have
03:43PM	19	to do, I believe, with the military's calculation that this prison
03:43PM	20	is found in a
03:43PM	21	MR. SONNETT: Your Honor, we object to what he believes.
03:43PM	22	He can testify as to facts and evidence.
03:43PM	23	THE COURT: In his opinion, which is what he's been
03:43PM	24	recognized as.
03:43PM	25	THE WITNESS: In my opinion. Sorry. In my opinion.

James Brennan - Direct (Matthews)

03:43PM 1 BY MS. MATTHEWS:

03:43PM 2 Q. All right.

Which the military -- a calculation was made, in my opinion, 3 Α. 03:43PM to remove prisoners to prisons like the Rawson Prison, which is 4 03:43PM far in the south of Argentina, distant from the major population 5 03:43PM 6 centers, especially Buenos Aires, to move them there, to 03:43PM essentially make them invisible in a way. That is, Argentina was 7 03:43PM 8 a country that was highly mobilized politically, and there were 03:43PM incidents where prisoners held in major population centers like 9 03:43PM 10 Buenos Aires, like the penitentiary, would attract protests, trade 03:44PM 11 unions, political groups, student groups. All kinds would go to 03:44PM 12 the prisons and protest. Journalists would as well. So this is a 03:44PM 13 way to kind of limit the accessibility of these sorts of people to 03:44PM 14 these prisoners. That is, you put them in a very distant prison, 03:44PM 15 and that made it that much more difficult for them to travel 03:44PM 16 there. 03:44PM

I think there was also a fear that these sorts of groups 17 03:44PM 18 surrounding federal penitentiaries could lead to a period where 03:44PM 19 there is a lot of urban protests in Argentina. There had been a 03:44PM major one in 1969 in Cordoba, another one in Cordoba in 1971, 20 03:44PM 21 other cities as well. That, you know, gathering these large 03:44PM 22 groups of people was potentially dangerous for these kinds of 03:44PM 23 urban protests. So it was a calculation to put them in places 03:44PM 24 where that was very -- it was a very sparsely inhabited part of 03:45PM 25 Put them in places where that would not happen. Argentina. 03:45PM So

1 again, it was limited access.

03:45PM

2 This represented a public relations problem for the 03:45PM 3 military, of course, if they had people at -- protesting. It was 03:45PM 4 not good for the regime's image, and it was dangerous they thought 03:45PM politically. So it was a calculated decision to move them to 5 03:45PM these sorts of places. 6 03:45PM

03:45PM 7 Q. What is Decree No. 19797?

03:45PM
 03:45PM
 9 alternative rendering of the events in Trelew; alternative to the
 03:45PM
 10 official version of events of a failed escape.

03:45PM 11 Q. And did the Lanusse regime take any other steps to restrict,
03:45PM 12 repress, the press or freedom of the press?

13 A. Well, yes. This is a period of widespread press censorship,
14 it -- throughout this period of military rule, which again begins
15 in 1966. And he is sort of the third stage of that different
16 military presidents, but it's the same military regime.

17 Widespread press censorship, there's a shutting down of 03:46PM 18 entire publications, important major newspapers and magazines, 03:46PM Premataplan (phonetic), which is kind of like, you might say, the 19 03:46PM equivalent of Time Magazine here, a major news magazine was shut 20 03:46PM 21 down at various moments. There are many examples of press 03:46PM 22 censorship and extreme measures taken against the press by the 03:46PM 23 Lanusse regime. And these also happened under the previous 03:46PM 24 military presidents since 1966. 03:46PM

03:46PM 25 Q. Did the events during the Lanusse regime impact what came

1 | later in Argentina?

03:46PM

A. Yes, I believe they did in multiple ways. One of them 2 03:46PM specifically -- I think the events of Trelew which became a public 3 03:47PM scandal I think set in motion within the military thoughts about 4 03:47PM 5 how to -- and this was a debate that had already been going on for 03:47PM 6 some time in the military ranks -- how to confront so-called 03:47PM subversives. People who they regarded as enemies of the 7 03:47PM 8 government and enemies of the state who embraced ideas that the 03:47PM military found not acceptable and their conception of the nation; 9 03:47PM 10 that the public scandal surrounding the events in Trelew, which 03:47PM 11 03:47PM became a major public scandal and a serious problem for the 12 Lanusse regime, set in motion a plan that would later bear fruit 03:47PM 13 so to speak in the military dictatorship of 1976 and 1983 which 03:47PM 14 was sort of the culmination of -- each one of these military 03:47PM 15 governments was sort of worse than the predecessor in terms of the 03:47PM 16 abuse of civil rights, human rights, in use of state violence, and 03:48PM 17 that was I think some of the biggest influence of what happened 03:48PM 18 during the Lanusse regime, the events of Trelew in terms of what 03:48PM 19 came later. 03:48PM

Q. I now want to move to the next period of time after the
Lanusse regime. How would you describe the period from 1973 to
1976 from a civil rights perspective?

A. Well, it's the period where civil rights are being sort of
 systematically abused. It's a period -- a period of intense
 state-directed violence. It's a period of -- in which basic

03:48PM	1	freedoms are lost. It's a low point in Argentina's history in
03:48PM	2	terms of all of these basic rights, and probably what most
03:48PM	3	distinguished I think in terms of the loss of basic rights was the
03:48PM	4	state-directed violence which led to a number of victims during
03:49PM	5	this period.
03:49PM	6	Q. Were there death squads during this time?
03:49PM	7	A. Yes, there were.
03:49PM	8	Q. And who did they target?
03:49PM	9	A. They targeted opponents of the regime, opponents of the regime
03:49PM	10	of the government in power as I said.
03:49PM	11	Q. Was the regime targeting lawyers at this time?
03:49PM	12	A. Targeted lawyers among other people, yes.
03:49PM	13	Q. Can you give me any examples of human rights lawyers who were
03:49PM	14	targeted or lawyers who were targeted?
03:49PM	15	A. Like Rodolfo de Cartihanya (phonetic) represented, I believe,
03:49PM	16	some of the Trelew folks. Solahe Ocean, a human rights lawyer who
03:49PM	17	was forced into exile. Ortega, I think, was assassinated in these
03:49PM	18	years.
03:49PM	19	Solahe Ocean, another lawyer a human rights lawyer who
03:49PM	20	was forced into exile, and many others. Alfredo Curutchet, a
03:49PM	21	human rights lawyer from Cordoba, was also killed in these years.
03:50PM	22	Q. And during this era between 1973 and 1976, if you were trying
03:50PM	23	to seek justice for your family member who would that have put
03:50PM	24	you in the category of people who were being targeted by the
03:50PM	25	government?

03:50PM	1	A. It very likely would, yes.
03:50PM	2	Q. Who came to power in 1976 in Argentina?
03:50PM	3	A. In 1976, once again, the military came into power. It was
03:50PM	4	again a junta, a military government. The titular president was
03:50PM	5	the army commander, Jorge Videla.
03:50PM	6	But the idea was this is a shared authority between the
03:50PM	7	three branches of the military: The navy, the air force, and the
03:50PM	8	army. The army, being the largest branch, was Videla was assigned
03:50PM	9	presidency; but the thought was they shared power collectively as
03:50PM	10	the armed forces.
03:50PM	11	Q. Did this military government have a name for itself?
03:51PM	12	A. Yes. It called in English translation, the Process of
03:51PM	13	National Reorganization.
03:51PM	14	Q. And did this did the Process continue to identify certain
03:51PM	15	individuals as subversives?
03:51PM	16	A. Oh, yes, on a scale never seen before, in fact.
03:51PM	17	Q. And could you tell the jury the Spanish name for the process
03:51PM	18	of national reorganization?
03:51PM	19	A. (Speaking Spanish.)
03:51PM	20	THE COURT: They have been instructed though to rely on
03:51PM	21	the English translation and interpretation in this case.
03:51PM	22	BY MS. MATTHEWS:
03:51PM	23	Q. What is that government commonly known as?
03:51PM	24	A. In Argentina, it's called the Proceso. It's called the
03:51PM	25	process.

1 Q. Thank you. And how did the Proceso deal with those identified 03:51PM 2 as subversives? 03:52PM There is a systematic campaign of extermination against them. 3 Α. 03:52PM This is the darkest period in Argentina's modern history in terms 4 03:52PM 5 of military rule, the period that Argentina has become infamous 03:52PM 6 (Speaking Spanish.) So there is a history of abuse of human for. 03:52PM rights and respect for human dignity and human life on a scale not 7 03:52PM seen before. As bad as some of the previous governments were, 8 03:52PM 9 this was a whole different order. 03:52PM 10

03:52PM 10 Q. During the Proceso, would seeking justice for the death of
 03:52PM 11 your family member at the hands of the military put you in the
 03:52PM 12 category of people identified as subversive?

03:52PM 13 A. It very well could, yes.

03:52PM 14 Q. You mentioned that this was the period of the disappeared?
03:52PM 15 A. Right.

03:52PM 16 Q. How were people being disappeared?

17 Well, the methodology of the disappearance was to abduct Α. 03:53PM people -- the first stage of course was to identify people who 18 03:53PM 19 should be disappeared, right. So the intelligence service, the 03:53PM 20 military intelligence services working in tandem also with the 03:53PM 21 police worked up lists of subversives, that is, the people that 03:53PM 22 were seen to be, you know, the most dangerous in some ways from 03:53PM 23 the military perspective, and then plans would be set in motion to 03:53PM abduct them illegally, of course. Abductions could happen any 24 03:53PM 25 time of the day, but they particularly tended to happen at night. 03:53PM

03:53PM 03:53PM 03:53PM 03:53PM 03:53PM 03:53PM 03:54PM 03:54PM

Then they were taken -- typically the way the process worked, is they would be taken to detention centers. There were hundreds of detention centers often in police commissaries, but not exclusively there, were people would be interrogated, tortured.

And then there would be a determination of who were the 5 6 individuals to be chosen to be sent to the death camps. There were half a dozen of these death camps. Most of them concentrated 7 8 in the greater Buenos Aires area. It is the federal capital, 9 surrounding the capital. There was one very large one, the 10 largest in the province, called La Perla, the pearl, these were the individuals after a careful, you know, deliberation, local 11 12 military commanders, often in contact with the military junta and 13 members of the military command in Buenos Aires, would decide 14 these were the people that would be assigned to the death camps. 15 And literally that meant a death sentence.

16 Now, there were some people, for a variety of reasons, who 17 survived the death camps. But by and large, if you were assigned 18 to the death camp after having passed through the detention 19 centers, right, many people -- more people, in fact, from 03:54PM detention centers were tortured and not sent to death camps. 20 But 03:54PM 21 those who were assigned to death camps were slated for death, and 03:54PM 22 there were small numbers, exceptional numbers of people who do 03:54PM 23 survive for various reasons, but the overwhelming majority of 03:55PM 24 people who ended up in these death camps in fact are killed, and 03:55PM 25 then they're killed in a clandestine fashion. 03:55PM

1 The military is never acknowledging that it's doing this, 03:55PM 2 that it's abducting people, torturing them, and then killing them, 03:55PM 3 then their bodies are disappeared. Their bodies can be 03:55PM 4 disappeared in a variety of ways. They can be buried in mass 03:55PM They can be buried in public cemeteries with no marker to 5 graves. 03:55PM 6 indicate who they are. They could be sedated and thrown from 03:55PM There were a number of ways to disappear people. 7 airplanes. 03:55PM 8 Q. You mentioned that the military was operating -- these were 03:55PM clandestine deaths. Why was the military doing these things 9 03:55PM 10 clandestinely or secretly? 03:56PM

11 I think it had diverse motivations. One was to insulate it Α. 03:56PM 12 from criticisms and potential consequences, both political fallout 03:56PM 13 within the country and also internationally. Didn't want the 03:56PM 14 reputation of a place where the government was perpetrating 03:56PM 15 widespread human rights abuses. That could have consequences in 03:56PM terms of, you know, economic aid from countries, companies maybe 16 03:56PM 17 wanting to invest in Argentina. It would have been a very bad 03:56PM 18 image to the country. Also to insulate itself from human rights 03:56PM 19 organizations that were becoming more important internationally, 03:56PM Amnesty International and others, that would note, you know, the 20 03:56PM 21 level of criminality that was taking, place and that would have 03:56PM 22 consequences. 03:56PM

03:56PM23It perhaps also was -- the idea was to in some ways instill03:56PM24fear in society through the disappearance or the inscrutable03:57PM25mysterious nature of the disappearance where people were

1 disappearing, and family members and friends wondering what 03:57PM 2 happened to someone, never knowing, the person never reappearing. 03:57PM It was a way to instill a sense of overwhelming dread and fear 3 03:57PM where people would self-censor and exercise a kind of social 4 03:57PM 5 control. The best kind of dictatorship is one that's 03:57PM 6 internalized, right, where you control yourself, you control 03:57PM 7 everything you say and what you do and who you talk to. I think 03:57PM 8 that was part of the calculation as well. So there was a 03:57PM 9 combination of very pragmatic reasons to do it, and a combination 03:57PM 10 of what you might say were sort of the broader objectives of the 03:57PM 11 03:57PM dictatorship. Q. What types of people were swept into the system of 12 03:57PM 13 disappearances? 03:57PM 14 A. Virtually anyone, guite frankly. Trade union leaders, 03:57PM 15 students, intellectuals, lawyers, politicians, you know, a wide 03:57PM 16 arc of people of all occupations, tended to be -- you know, age 03:58PM 17 range tended to be younger people, but there where people -- older 03:58PM 18 people as well, but it tended to be concentrated in people between 03:58PM 19 the ages of 18 and 25. Men and women, a third of the disappeared 03:58PM 20 were women. 03:58PM 21 Q. What about kids? 03:58PM 22 Kids -- in terms of kids -- kids versus babies, let's discuss Α. 03:58PM 23 that. Kids by and large -- there are some examples of kids who 03:58PM 24 were disappeared. But the typical story is in the abduction of 03:58PM

03:58PM 25 individuals with children, they would be -- they would not be

James Brennan - Direct (Matthews)

1 killed. They would not be disappeared. They would be dumped off 03:58PM 2 in the front yard of the grandparents or something. There are 03:58PM some examples of children who were killed, few in number. But 3 03:58PM then there was a whole history of black market and babies that 4 03:58PM took place, that is, women prisoners would be kept in these death 5 03:58PM camps until they gave birth, sometimes held to term, sometimes 6 03:58PM Cesarean birth, and the babies then would be sold off into 7 03:59PM 8 military families and others, the judiciary --03:59PM

THE COURT: Sustained.

MS. MATTHEWS: It's relevant to statute of limitations.

14 THE COURT: Well, let me be more clear. Where are you
15 headed, because this line, how broad, Mr. Sonnett? How broad, Mr.
03:59PM 16 Sonnett, is your objection here when you say this line of
03:59PM 17 questioning?

O3:59PM 18 MR. SONNETT: The line of questioning that was just
 O3:59PM 19 discussed, kids versus babies.

THE COURT: Agreed. Okay. Sustained.

MS. MATTHEWS: What happened to the kids is relevant to
the case, Your Honor, to statute of limitations in particular, but
I'm willing to move on from this topic.

03:59PM 24 THE COURT: Okay.

04:00PM 25 BY MS. MATTHEWS:

04:00PM	1	Q. Are you aware of any persecution related to the Trelew
04:00PM	2	victims' families, Professor Brennan?
04:00PM	3	A. Yes. I'm not an expert on the events in Trelew. I know
04:00PM	4	roughly what happened. I have read some books about it. But so
04:00PM	5	most of the individuals there, I don't know their personal or
04:00PM	6	political biographies. There are a few who I am familiar with.
04:00PM	7	One in particular, the Pujadas family, much of my research and
04:00PM	8	work has been in the city of Cordoba. This was a family, it's a
04:00PM	9	famous case, this case, of what happens to this particular family
04:00PM	10	in Cordoba. These are the Pariotto Pujadas, who was killed in
04:00PM	11	Trelew.
04:00PM	12	Q. Please tell the jury briefly what happened to the Pujadas
04:00PM	13	family.
04:00PM	14	THE COURT: Hold on. Let me ask you to ask a more
04:01PM	15	focused question.
04:01PM	16	BY MS. MATTHEWS:
04:01PM	17	Q. How was the Pujadas family persecuted?
04:01PM	18	A. The Pujadas family was persecuted through by their death.
04:01PM	19	They were murdered, and their bodies thrown in the well. Their
04:01PM	20	daughter also was murdered.
04:01PM	21	MR. SONNETT: Excuse me, Your Honor, can we establish
04:01PM	22	when this took place? If it's after the events at Trelew, then we
04:01PM	23	object on relevance grounds again.
04:01PM	24	THE COURT: Well, there won't be a blanket ruling with
04:01PM	25	respect to relevance because it occurred after Trelew in light of

04:01PM	1	the statute of limitations defense. But nonetheless, let me ask
04:01PM	2	Professor Brennan to proffer a time frame that you're referring to
04:01PM	3	what happened to the Pujadas family because that will
04:01PM	4	THE WITNESS: The precise year is 1975, I believe. It's
04:01PM	5	during the Peronist government from '73 to '76.
04:01PM	6	THE COURT: Okay. So if the time frame is the basis of
04:01PM	7	your objection, Mr. Sonnett, it's overruled.
04:02PM	8	BY MS. MATTHEWS:
04:02PM	9	Q. Do you know specifically what month in 1975?
04:02PM	10	A. You know, I don't recall the month, no.
04:02PM	11	Q. Do you have any other examples of families of the victims of
04:02PM	12	Trelew that were persecuted?
04:02PM	13	A. I'm somewhat familiar with the story of the Santucho.
04:02PM	14	Santuchos were a prominent family, and I know roughly the story
04:02PM	15	there of the very large family, like ten family members who were
04:02PM	16	killed. Some of them were killed.
04:02PM	17	Again, I know roughly the story there, but not in any great
04:02PM	18	detail. There are so many different stories for that large
04:02PM	19	family, that it's hard to keep track, but they're all very sad and
04:02PM	20	tragic.
04:02PM	21	Q. Do you know what happened to the survivors of the Trelew
04:02PM	22	Massacre?
04:02PM	23	A. The survivors were the survivors were eventually killed.
04:02PM	24	Q. How long after the massacre did that happen?
04:02PM	25	A. That happened that would have happened during the as I

04:03PM	1	remember the junta during the period from '76 to '83.
04:03PM	2	MS. MATTHEWS: And I'd now like to introduce Plaintiff'
04:03PM	3	Exhibit PX 111.
04:03PM	4	THE COURT: Any objection? I think 114 is in evidence.
04:03PM	5	MS. MATTHEWS: Yes. 111 is not yet in evidence.
04:03PM	6	THE COURT: Okay.
04:03PM	7	MS. MATTHEWS: But I would like for the witness to see
04:03PM	8	it. So may I approach to show it to the witness?
04:03PM	9	THE COURT: Of course. Have you shown defense counsel?
04:03PM	10	MS. MATTHEWS: Yes. He has it in his binder, I believe.
04:03PM	11	THE WITNESS: Yes. That's a well-known photo of Alberto
04:03PM	12	Camps.
04:03PM	13	MS. MATTHEWS: Okay. I'll ask you some questions about
04:04PM	14	that.
04:04PM	15	BY MS. MATTHEWS:
04:04PM	16	Q. Do you recognize that photo, Professor Brennan?
04:04PM	17	A. I recognize the photo. It's a photo that's often been seen,
04:04PM	18	yes.
04:04PM	19	Q. And what how do you recognize that photo?
04:04PM	20	A. I recognize it from having seen it in various publications.
04:04PM	21	Q. What is it?
04:04PM	22	A. It's a photo of him following the events in Trelew
04:04PM	23	recuperating.
04:04PM	24	Q. I know you said it before, but can you identify the individual
04:04PM	25	in the picture?

04:04PM	1	A. Alberto Camps.
04:04PM	2	Q. Thank you.
04:04PM	3	MS. MATTHEWS: I'd now like to move to admit this photo
04:04PM	4	and publish it to the jury.
04:04PM	5	THE COURT: Any objection to the admission of PX 111?
04:04PM	6	MR. DAVIS: No objection.
04:04PM	7	THE COURT: So admitted. You can publish. I'm sorry. I
04:04PM	8	already heard your defense response. Thank you.
04:04PM	9	(Plaintiffs' Exhibit No. 111 received.)
04:04PM	10	MS. MATTHEWS:
04:04PM	11	Q. I believe you said this before, but it wasn't very clear.
04:05PM	12	When was this picture taken?
04:05PM	13	A. Shortly after the events at Trelew.
04:05PM	14	MS. MATTHEWS: And I'd now like to introduce Plaintiffs'
04:05PM	15	Exhibit 114, which is in evidence, so we can publish that to the
04:05PM	16	jury.
04:05PM	17	Q. Professor Brennan, who is this a picture of?
04:05PM	18	A. This is a picture of Haidar.
04:05PM	19	Q. Sorry. Can you repeat that?
04:05PM	20	A. Haidar is the last name. I'm running a blank. One of the
04:05PM	21	victims of Trelew. Give me a second here. I'm running a blank on
04:05PM	22	the first name. I'm running a blank on the first name.
04:05PM	23	MR. SONNETT: Your Honor, I am confused as far as whether
04:05PM	24	this is part of his expertise, or whether he just saw this
04:05PM	25	photograph.

04.0504	1	THE WITNESS: No. No. I've seen the photograph.
04:05PM		
04:05PM	2	THE COURT: Hold on, Mr. Brennan. ]Mr. Brennan, when
04:05PM	3	there is an objection, I want you to hold.
04:05PM	4	Mr. Sonnett, what is the objection?
04:06PM	5	MR. SONNETT: My objection is that he has not indicated
04:06PM	6	that he has expertise on this photograph. He just indicated that
04:06PM	7	he saw it someplace.
04:06PM	8	THE COURT: I understand the photo is already in evidence
04:06PM	9	without objection from the defense, so there is a pending question
04:06PM	10	about who he is, and Mr. Brennan will either answer or he can't.
04:06PM	11	Overruled.
04:06PM	12	THE WITNESS: The first name is eluding me right now.
04:06PM	13	One of the survivors of the Trelew Massacre. Rene is the name.
04:06PM	14	BY MS. MATTHEWS:
04:06PM	15	Q. And what was the last name; do you remember?
04:06PM	16	A. Haidar. I don't know how they pronounce that, Haidar.
04:06PM	17	Q. Can I refresh your recollection with the stipulation?
04:06PM	18	MS. MATTHEWS: Can I refresh the witness's recollection
04:06PM	19	with the stipulation?
04:06PM	20	THE COURT: If there is a document that will refresh his
04:06PM	21	recollection.
04:06PM	22	THE WITNESS: It is not a usual Spanish name, so the
04:07PM	23	pronunciation is problematic. But it's Rene, I remember now.

04:07PM	25	Q. The stipulation in this case states that

James Brennan - Direct (Matthews)

04:07PM	1	THE COURT: No, counsel. I'm sorry. If there is a
04:07PM	2	writing that you want to show him that you think will refresh his
04:07PM	3	recollection, you can approach him.
04:07PM	4	MS. MATTHEWS: Can I approach?
04:07PM	5	THE COURT: Please.
04:07PM	6	Show counsel what you're handing him, please.
04:07PM	7	BY MS. MATTHEWS:
04:07PM	8	Q. It's just a copy of the slide from earlier which has the
04:07PM	9	stipulation on it.
04:08PM	10	A. Do you want me to pronounce the name; is that right?
04:08PM	11	Q. Just read it if you could.
04:08PM	12	THE COURT: Mr. Brennan, to yourself. If the writing
04:08PM	13	refreshes your recollection, then you can answer counsel's
04:08PM	14	question, then go ahead. But don't just read from it.
04:08PM	15	THE WITNESS: Hold on a second, here. Oh, right. Well,
04:08PM	16	it's an Arabic name, and I think it's in Spanish in Argentina.
04:08PM	17	They probably pronounce it Haidar, Haidar, Rene Haidar.
04:08PM	18	BY MS. MATTHEWS:
04:08PM	19	Q. Who is the individual in the picture, Mr. Brennan?
04:08PM	20	A. The individual is Rene Haidar.
04:08PM	21	Q. Thank you very much.
04:08PM	22	A. I don't know if that's how Rene pronounced it, but.
04:08PM	23	Q. We can take the exhibit down. I believe earlier in your
04:09PM	24	testimony you mentioned that democracy returned to Argentina in
04:09PM	25	1983. Is that correct?

04:09PM	1	A. That's true, yes.
04:09PM	2	Q. What was the government doing after democracy returned in 1983
04:09PM	3	to provide accountability for the Trelew Massacre?
04:09PM	4	A. Well, the Trelew Massacre specifically, I don't know. It put
04:09PM	5	together a truth commission, the National Commission of the
04:09PM	6	Disappeared but.
04:09PM	7	THE COURT: Mr. Brennan, hold on. You've answered
04:09PM	8	counsel's question already.
04:09PM	9	Ask the next question.
04:09PM	10	BY MS. MATTHEWS:
04:09PM	11	Q. Were there any efforts to provide accountability for the
04:09PM	12	military's actions after democracy returned to Argentina in 1983?
04:09PM	13	A. There were multiple efforts to do that. There was a truth
04:10PM	14	commission that was formed to document those who had been abducted
04:10PM	15	and disappeared, a foundational document, 20th century human
04:10PM	16	rights National Commission of the Disappeared, also began a whole
04:10PM	17	process of accountability through the judicial system. It began
04:10PM	18	first with the president elect then, a guy named Raul Alfonsin
04:10PM	19	assigning jurisdiction to the military courts. Once it was clear
04:10PM	20	they were stonewalling those efforts, those were passed to the
04:10PM	21	civil courts. Then this began a public process of trials of the
04:10PM	22	military juntas. The juntas had several different iterations,
04:10PM	23	different members of the one military government between '76
04:10PM	24	and '83 but with various shakeups in terms of the composition of
04:10PM	25	the members of the juntas, all were tried for these human rights

04:10PM 2 Q. And how did the military react to these accountability04:11PM 3 processes?

A. The military was enraged. Right. They were unrepentant. 4 04:11PM 5 They thought they had done nothing wrong. They expressed 04:11PM 6 opposition from the beginning. Again, they had attempted to 04:11PM short-circuit the whole process by stonewalling in the military 7 04:11PM 8 courts. But once they were passed to the civil courts, they were 04:11PM outspoken, their opposition. But they took action in terms of a 9 04:11PM 10 series of military rebellions, a bombing campaign as well, all of 04:11PM 11 these expressing, you know, opposition to the trials that were 04:11PM 12 taking place. So a seditious military, seditious in the sense of 04:11PM 13 planning and executing attempts to overthrow a democratically 04:11PM 14 elected government through military uprises. There were several 04:11PM 15 of these. 04:11PM

16 | Q. And what effect did these military uprises have?

They had multiple effects. But in terms of the human rights 17 Α. issue, they persuaded the president in power who had undertaken 18 19 the human rights initiative and had a history of being a human 20 rights advocate and lawyer to sort of put the brakes on the 21 process that the trials were held, and these junta members were 22 found guilty and given prison sentences, but then the decision was 23 made, you know, as he's dealing with the twin priorities of both, you know, holding these people accountable for what they had done 24 25 but also trying to secure democracy. Democracy is very fragile.

1 The decision was made to pass two amnesty laws, one that's
established a statute of limitations for future trials and another
that was called the Law of Dutiful Obedience that allowed for
defense of carrying out of orders.

Now, not orders that exceeded reasonable orders, that is orders that were shaded over into the area of criminality; for example, the appropriation of property, or engaged black market of babies, still would be held accountable for that. But it was essentially putting brakes on the whole process of -- through the legal system of holding the military accountable for the crimes had a had taken place during the dictatorship.

Q. Did accountability processes resume at any point?
A. They had resumed, most importantly, years later during -- the
Kirchner governments were in power for a number of years in 2003.
That's when the human rights question really comes to the
forefront again, the national political life in a much larger
scale.

18 The human rights trials in the 1980s were really confined to 19 the military leadership. The human rights trials later on during the Kirchner era went down through the ranks. This had been one 20 21 of the demands, in fact, of the human rights groups during the Alfonsin years, but he felt, you know, the situation politically 22 23 was too fragile, so he didn't do that. But that is one of the 24 things that happened with the Kirchners, the Kirchner presidencies, again, in the new century. 25

04:14PM 1 Also the civilian collaborators with the dictatorship, they
 04:14PM 2 were tried as well.

04:14PM 3 Q. And did witnesses in any of these more recent trials of the
 04:14PM 4 military report being intimidated?

A. Yes. There were complaints. I attended some of these trials 5 04:14PM personally. One in particular, the largest human rights trial of 6 04:14PM all, called the La Ped la trial, stretched over almost a four-year 7 04:14PM 8 I attended most of the proceedings of those trials. period. Thev 04:14PM tend to take place in the Argentine winter, which is our summer 9 04:14PM 10 here. As an academic, I have off in the summer; so I could get 04:14PM 11 down there, and I would sit for the proceedings. I did this for 04:15PM 12 years. 04:15PM

And I would hear in the court -- particularly outside the court, actually -- complaints about witness intimidation, phone calls, threatening phone calls, things of that nature, you know, certainly there were allegations of that.

04:15PM

04:15PM 17 Q. I believe you mentioned that one of the junta leaders was
04:15PM 18 named Videla. Was Videla ever tried for these crimes?
04:15PM 19 A. Videla was tried multiple times. He as first tried under

20 Alfonsin, during the Alfonsin trials, was in the 1980s. But 21 during the Kirchner years, he was tried multiple times.

04:15PM 22 Q. Were there any examples of witness intimidation during the
04:15PM 23 Videla trials?

04:15PM 24 A. There were similar complaints about verbal threats,

04:15PM 25 threatening phone calls during several Videla trials. Several of

04:15PM	1	those are actually documented.
04:15PM	2	Q. Where in particular was Videla tried?
04:15PM	3	A. He was tried in Cordoba, he was tried in Buenos Aires, also
04:16PM	4	tried in Spain actually. There were Spanish nationals who
04:16PM	5	disappeared in Argentina during this period, and he was tried in
04:16PM	6	Spain as well.
04:16PM	7	Q. Was witness intimidation associated with any one of those
04:16PM	8	trials in particular?
04:16PM	9	A. The one we have documents for is actually the one in Spain.
04:16PM	10	There were some allegations in the court of the trials I attended,
04:16PM	11	the Videla trials, and there were similar complaints actually
04:16PM	12	about threats, phone call threats, and things of that nature.
04:16PM	13	MR. SONNETT: Your Honor, can we establish the dates
04:16PM	14	MS. MATTHEWS: I'm about to get there.
04:16PM	15	MR. SONNETT: so we know how far it was from the 1972
04:16PM	16	Trelew?
04:16PM	17	THE COURT: Mr. Brennan? Excuse me. Mr. Brennan, be
04:16PM	18	patient.
04:16PM	19	I also understood your answer to be describing a
04:16PM	20	proceeding in Spain. I would appreciate clarification not only of
04:16PM	21	the time but of the relevance to this trial if we're talking about
04:17PM	22	Spain now.
04:17PM	23	MS. MATTHEWS: Yes, Your Honor.
04:17PM	24	THE COURT: So let me just very directly:
04:17PM	25	Professor, you had just, I thought, answered that there

04:17PM	1	were documented incidents of threats, and I thought you said it
04:17PM	2	was documented in Spain. Did I misunderstand you?
04:17PM	3	THE WITNESS: By document, that was a misspoke. There
04:17PM	4	were press accounts, I should say, beyond sort of, you know,
04:17PM	5	rumors that I heard in Argentina. I mean, you know, people making
04:17PM	6	these claims in trial and outside of trial.
04:17PM	7	THE COURT: Okay, Mr. Brennan, but stay with me. Are you
04:17PM	8	describing events now that occurred in Spain?
04:17PM	9	THE WITNESS: In Spain.
04:17PM	10	THE COURT: Okay. So we're going to Mr. Brennan
04:17PM	11	THE WITNESS: Yes.
04:17PM	12	THE COURT: we're not going to be offering a history
04:17PM	13	of events in Spain. And so I want you to listen to counsel's
04:17PM	14	questions about the history of Argentina.
04:17PM	15	MS. MATTHEWS: Your Honor, it's a trial in Spain related
04:17PM	16	to a dictator of Argentina, and it's relevant because defendant
04:17PM	17	argues that the plaintiffs should have come to the United States.
04:18PM	18	THE COURT: And are the actors at issue part of a
04:18PM	19	relevant Argentinian regime?
04:18PM	20	MS. MATTHEWS: Yes.
04:18PM	21	THE WITNESS: Yes.
04:18PM	22	THE COURT: Okay. So perhaps back it up a question or
04:18PM	23	two, and, Mr. Brennan, if you could give short answers to
04:18PM	24	counsel's questions as she helps you lay had a predicate for this
04:18PM	25	including the time frame.

04:18PM	1	THE WITNESS: Sure.
04:18PM	2	THE COURT: And country and actors.
04:18PM	3	MS. MATTHEWS: Of course.
04:18PM	4	BY MS. MATTHEWS:
04:18PM	5	Q. Can you explain to me briefly who Videla was?
04:18PM	6	A. Jorge Videla was the first president of the military
04:18PM	7	government to take power in 1976. Again, the military took power
04:18PM	8	as a junta. The idea was shared authority, but the army, which is
04:18PM	9	the larger branch, always had the titular president. Again, the
04:18PM	10	idea was that they shared authority, and decisions and all
04:18PM	11	decisions those related to economic policy and others as well.
04:19PM	12	But he was the first president of that junta that iteration of
04:19PM	13	the junta was the one that was the longest in power.
04:19PM	14	Q. And Videla, was Videla later tried for his crimes as the
04:19PM	15	leader of the military junta during that era?
04:19PM	16	A. Yes, he was tried several times. I just mentioned he was
04:19PM	17	tried in the Alfonsin trials of the 1980s, and then tried again.
04:19PM	18	During the Kirchner years, multiple trials took place, in which
04:19PM	19	Videla was a defendant, and he was found guilty in all of these
04:19PM	20	trials.
04:19PM	21	Q. And were there claims of witness intimidation even for the
04:19PM	22	trials of Videla that occurred outside of Argentina?
04:19PM	23	A. Yes, there were claims.
04:19PM	24	Q. And when were the trials of Videla during which there were
04:19PM	25	claims of witness intimidation?

04:20PM	1	A. Again, Videla is tried multiple times between beginning
04:20PM	2	2005. I think the last trial was actually in Cordoba. It's
04:20PM	3	called the Topanga trial was a federal penitentiary where some
04:20PM	4	prisoners were actually executed under Videla's orders. That
04:20PM	5	concluded I attended that as well. That concluded in 2010.
04:20PM	6	Q. Okay. And you mentioned earlier that there was some witness
04:20PM	7	intimidation that occurred during the La Perla trial.
04:20PM	8	A. Accusations of it, yes.
04:20PM	9	Q. When did the La Perla trial take place?
04:20PM	10	A. That was a nearly four-year period, 2012-2016, sentence
04:20PM	11	finally handed down in 2016.
04:20PM	12	Q. And, so what
04:20PM	13	MS. MATTHEWS: That actually concludes my direct
04:20PM	14	examination.
04:20PM	15	THE COURT: All right. Counsel? Mr. Sonnett?
04:21PM	16	CROSS-EXAMINATION
04:21PM	17	BY MR. SONNETT:
04:21PM	18	Q. Dr. Brennan, you have quite a distinguished career in studying
04:21PM	19	laws and events in Argentina, don't you?
04:22PM	20	A. Law not so much, but the history of Argentina widely
04:22PM	21	understood and its political economic history. Not I am not a
04:22PM	22	specialist in legal history, no. You have a legal expert that's
04:22PM	23	going to testify. I'm not a specialist in Argentine legal
04:22PM	24	history, no.
04:22PM	25	Q. You're testifying primarily about the historical?

04:22PM	1	A the broad historical context of Trelew, what preceded and
04:22PM	2	what followed. I am familiar, of course, with the court cases,
04:22PM	3	but I am not a specialist in Argentinian legal history.
04:22PM	4	Q. You're not a specialist in Trelew?
04:22PM	5	A. No, I'm not.
04:22PM	6	Q. You're not a specialist in the trials that took place after
04:22PM	7	Trelew?
04:22PM	8	A. A specialist, no. But I have studied those trials and written
04:22PM	9	about them, but not from a legal perspective, more from a broad
04:22PM	10	social history, political history, even cultural history
04:23PM	11	perspective.
04:23PM	12	Q. When you say you've studied them, you're talking about reading
04:23PM	13	newspapers and journals?
04:23PM	14	A. No. Actually well, some reading of newspapers, but more
04:23PM	15	actually observing the trials. I attended the trials, as I
04:23PM	16	mentioned. Oral history, various sources, other kinds of sources,
04:23PM	17	but those in particular.
04:23PM	18	Q. Did you attend any of the trials in 2008, '9, '10 regarding
04:23PM	19	Trelew?
04:23PM	20	A. No, I did not.
04:23PM	21	Q. All right. So your expertise or your knowledge of what took
04:23PM	22	place would only be what you read about them in other journals,
04:23PM	23	correct?
04:23PM	24	A. My knowledge of Trelew is based on what I've read.
04:23PM	25	Q. What you've read?

04:23PM	1	A. I don't claim to be an expert on the events of Trelew.
04:23PM	2	Q. All right. Now, you're appearing here pro bono? That means
04:23PM	3	for free?
04:23PM	4	A. Yes.
04:23PM	5	Q. At the request of the lawyers for the plaintiffs?
04:23PM	6	A. Yes.
04:23PM	7	Q. You flew in from California to testify today?
04:24PM	8	A. I did.
04:24PM	9	Q. Can you explain why you volunteered to testify here without
04:24PM	10	any fee?
04:24PM	11	A. Compensation? Well, I've never been asked to do this before,
04:24PM	12	I should mention, and I saw it as a service, I thought, a service
04:24PM	13	I could provide to the court. You know, my area of expertise is
04:24PM	14	rather narrow and confined to this country and to this sort of one
04:24PM	15	period. So I'm not often asked in fact, I've never been asked
04:24PM	16	to do it before, probably never will be asked again. I thought I
04:24PM	17	could perhaps contribute something to come down from my ivory
04:24PM	18	tower for once.
04:24PM	19	Q. Helps the resume too, doesn't it?
04:24PM	20	A. I really don't care. The university doesn't care about this.
04:24PM	21	They won't even know.
04:24PM	22	Q. They want you to publish?
04:24PM	23	A. Yes.
04:24PM	24	Q. Are you going to publish something about this?
04:25PM	25	A. No.

04:25PM	1	Q. You don't think so?
04:25PM	2	A. No. No plans to do that. So, you know, I saw it as a service
04:25PM	3	that perhaps I could contribute something to the judge, to the
04:25PM	4	jury about, again, the broader historical context, not the
04:25PM	5	specifics of Trelew.
04:25PM	6	Q. You haven't drawn conclusions, have you, about the guilt or
04:25PM	7	innocence of my client?
04:25PM	8	A. I have not drawn conclusions.
04:25PM	9	Q. Excuse me?
04:25PM	10	A. I haven't drawn conclusions. I've read things that persuaded
04:25PM	11	me, but that's what this is all about, right? You're drawing the
04:25PM	12	conclusions here.
04:25PM	13	Q. But the conclusions are going to have to be drawn by this
04:25PM	14	jury, not by you?
04:25PM	15	A. Right, right, right, exactly. But you asked about my personal
04:25PM	16	conclusions.
04:25PM	17	Q. You agreed to testify before you'd heard any actual evidence
04:25PM	18	in this case, hadn't you?
04:25PM	19	A. Yes.
04:25PM	20	Q. With regard to this case, you didn't see anybody shoot
04:26PM	21	anybody, correct?
04:26PM	22	A. No.
04:26PM	23	Q. You have no expertise in ballistics or in shots fired or in
04:26PM	24	violent excursions; do you?
04:26PM	25	A. No. No. The technical knowledge of those things, no.

04:26PM	1	Q. Do you ever examine the charts or diagrams regarding shots
04:26PM	2	fired?
04:26PM	3	A. No.
04:26PM	4	Q. In Trelew?
04:26PM	5	A. No, I did not.
04:26PM	6	Q. So you don't know who fired the shots, where the shots were
04:26PM	7	fired from, or what caused the shots to be fired?
04:26PM	8	A. No. I made clear when the lawyers approached me on this that
04:26PM	9	I, you know, my knowledge that they knew more about Trelew than
04:26PM	10	I did; that my knowledge about the events were sort of common
04:26PM	11	knowledge based on what I had read. I would not come here to
04:26PM	12	offer specifics about what had happened in Trelew. I would come
04:26PM	13	here to offer sort of the broader historical context, historical
04:27PM	14	background.
04:27PM	15	Q. Likewise, you don't have any real knowledge of who fired
04:27PM	16	shots, why the shots were fired, who started the gunfire?
04:27PM	17	A. No personal knowledge, no.
04:27PM	18	Q. Did you ever go to Trelew to examine the premises there?
04:27PM	19	A. No.
04:27PM	20	Q. Let's talk about remedies for the plaintiffs in this case.
04:27PM	21	You are you're not testifying about any remedies or the
04:27PM	22	availability of remedies to these plaintiffs, are you?
04:27PM	23	A. No, no, no.
04:27PM	24	Q. You're not testifying about the American court system?
04:27PM	25	A. No.

04:27PM	1	Q. Correct?
04:27PM	2	A. No, I'm not.
04:27PM	3	Q. That's not within the scope of your testimony or your
04:27PM	4	expertise, is it?
04:27PM	5	A. No, it's not.
04:27PM	6	Q. Are you aware that the United States courts, federal courts
04:28PM	7	generally, have been open since 1972 to the present day, and
04:28PM	8	they've never been closed even during the pandemic?
04:28PM	9	A. I was not aware of that, no.
04:28PM	10	Q. You don't know that the court system was never closed down in
04:28PM	11	the United States?
04:28PM	12	A. No. I have to admit I was not aware of that, no.
04:28PM	13	THE ATTORNEY: Your Honor, objection. This is all beyond
04:28PM	14	the scope of his expertise.
04:28PM	15	MR. SONNETT: I'm sorry, Your Honor.
04:28PM	16	THE COURT: There isn't a pending question. But, Mr.
04:28PM	17	Sonnett, I will ask you to keep your direct within the scope
04:28PM	18	I'm sorry your cross within the scope of the direct.
04:28PM	19	MR. SONNETT: Yes, ma'am.
04:28PM	20	BY MR. SONNETT:
04:28PM	21	Q. The plaintiffs in this case could have filed in Argentina,
04:28PM	22	couldn't they?
04:29PM	23	A. I believe they could have.
04:29PM	24	Q. And, in fact, you are aware of the fact that they all of
04:29PM	25	the plaintiffs in this case received money from the government of

04:29PM	1	Argentina?
04:29PM	2	MS. MATTHEWS: Your Honor, this is beyond the scope of
04:29PM	3	his expertise and not within the scope of his direct.
04:29PM	4	THE COURT: Mr. Sonnett, how is this fairly within the
04:29PM	5	scope of his expertise as to what happened
04:29PM	6	THE WITNESS: There was never moments when
04:29PM	7	THE COURT: Mr. Brennan? Mr. Brennan?
04:29PM	8	THE WITNESS: Sorry.
04:29PM	9	THE COURT: Give me a second.
04:29PM	10	Mr. Sonnett, how is that fairly within the scope
04:29PM	11	MR. SONNETT: He was testifying about historical events
04:29PM	12	in Argentina. I want to establish that among historical events in
04:29PM	13	Argentina were the ability of the plaintiffs in this case to file
04:29PM	14	for remuneration in Argentina.
04:29PM	15	THE COURT: And he's answered that question in the
04:29PM	16	affirmative. But to the extent you intend to explore what
04:29PM	17	happened with respect to these plaintiffs and the government of
04:30PM	18	Argentina, that's outside the scope of his direct examination.
04:30PM	19	BY MR. SONNETT:
04:30PM	20	Q. Let me just clarify the testimony that you gave here today
04:30PM	21	that you were hired by plaintiffs' counsel to investigate the
04:30PM	22	facts giving rise to the deaths of prisoners in Trelew in 1972; is
04:30PM	23	that correct?
04:30PM	24	MS. MATTHEWS: Objection, Your Honor, that misstates.
04:30PM	25	THE WITNESS: No.

04:30PM	1	THE COURT: And Mr. Brennan has answered negatively. Mr.
04:30PM	2	Sonnett, I'm not sure what you're reading from.
04:30PM	3	BY MR. SONNETT:
04:30PM	4	Q. You testified that President Lanusse was the final president
04:30PM	5	of three; is that right?
04:30PM	6	A. That's right.
04:30PM	7	Q. He was the president during the time of the Trelew incident,
04:31PM	8	correct?
04:31PM	9	A. Yes, that's right.
04:31PM	10	Q. And there were three as I understand it, three different
04:31PM	11	presidencies during that period of time?
04:31PM	12	A. It was all part of the same military government, but the
04:31PM	13	presidencies, the presidents change as a result of conflicts
04:31PM	14	within the military, responding to events, a series of social
04:31PM	15	protests actually is what triggered the removal of the first
04:31PM	16	president, and then a subsequent social protest which weakened his
04:31PM	17	authority within the military led to the removal of ^ letting the
04:31PM	18	second president. So it's one military government, but three
04:31PM	19	different presidents at different points.
04:31PM	20	Q. I want to place this in context. The shootings at Trelew were
04:31PM	21	in August of 1972?
04:31PM	22	A. Right.
04:31PM	23	Q. Lanusse was president during that period of time?
04:32PM	24	A. Yes.
04:32PM	25	Q. And shortly after that or a couple of years after that,

04:32PM	1	democracy returned?
04:32PM	2	A. A year after that, 1973.
04:32PM	3	Q. A year after that?
04:32PM	4	A. Uh-huh.
04:32PM	5	Q. So wouldn't it be unfair to start talking about what occurred
04:32PM	6	in '75, '76, '77 when democracy had returned and Trelew was in the
04:32PM	7	rearview mirror?
04:32PM	8	A. I think the
04:32PM	9	THE ATTORNEY: Objection, Your Honor, calls for a legal
04:32PM	10	conclusion.
04:32PM	11	THE COURT: Overruled. Go ahead, Mr. Brennan.
04:32PM	12	THE WITNESS: Okay. The relevance of it is the obstacles
04:32PM	13	that existed because of, you know, the nature of, you know, the
04:32PM	14	endemic violence, state-directed violence that discouraged people
04:32PM	15	from pursuing legal remedies, not just Trelew but all kinds of
04:32PM	16	cases. I think that was the point of talking about '73 to '76 is
04:33PM	17	the period of people were afraid, people were afraid to come
04:33PM	18	forward. The fear factor weighed very greatly. As we talked
04:33PM	19	about, their lawyers disappearing, many victims of the death
04:33PM	20	squads. It's a dangerous time to
04:33PM	21	BY MR. SONNETT:
04:33PM	22	Q. But at the same time, the Montoneros were engaged in violent
04:33PM	23	activities; weren't they?
04:33PM	24	MS. MATTHEWS: Objection, Your Honor, this is propensity
04:33PM	25	evidence.

04:33PM	1	THE COURT: Mr. Sonnett?
04:33PM	2	MR. SONNETT: What's the objection?
04:33PM	3	THE COURT: Violation of the Court's prior ruling of the
04:33PM	4	motion in limine I think is the objection.
04:33PM	5	MS. MATTHEWS: Yes, Your Honor.
04:33PM	6	THE COURT: Mr. Sonnett, focusing you back to the Court's
04:33PM	7	prior ruling on the motion in limine on this topic, which it has
04:33PM	8	precluded it. Sustained.
04:33PM	9	MR. SONNETT: Thank you, Your Honor.
04:34PM	10	Just to clarify, Your Honor, am I precluded from asking
04:34PM	11	about political violence in Argentina as well as other countries?
04:34PM	12	THE COURT: You are not precluded from covering what has
04:34PM	13	been done in direct examination, which would not include other
04:34PM	14	countries.
04:34PM	15	BY MR. SONNETT:
04:34PM	16	Q. All right. Then let's talk about the general social protests
04:34PM	17	going on in Argentina in 1972. Who is protesting and why, and
04:34PM	18	refer if you will specifically to the Montoneros and the ERP?
04:34PM	19	^ THE ATTORNEY: Objection, Your Honor.
04:34PM	20	THE COURT: I'll ask you to restate the question, Mr.
04:34PM	21	Sonnett, without reference to the specific groups that you already
04:35PM	22	know the Court's ruling on.
04:35PM	23	BY MR. SONNETT:
04:35PM	24	Q. Discuss for us the social protests, who was protesting and
04:35PM	25	why?

1 A. The year 1972 isn't a particularly relevant year in terms of 04:35PM social -- social protests had been taking place in Argentina over 2 04:35PM 3 a number of years. The first most significant social protest was 04:35PM actually taking place in 1969, a major urban protest called the 4 04:35PM Cordobazo. So that's followed by a series of other urban-based 5 04:35PM 6 protests in cities all over Argentina. 04:35PM

7 Second one in Cordoba in 1971, in Rosario, and other cities 04:35PM 8 in Argentina. So if you're talking specifically about protests, 04:35PM 9 protests, you know, they are largely urban based. They are 04:35PM 10 The bigger ones lead to thousands of arrests, deaths massive. 04:35PM 11 that take place as well. Those are the major protests. 1972 04:35PM 12 isn't a particularly important year for any of these major social 04:36PM protests, but they're -- you know, they're happening in the years 13 04:36PM 14 preceding 1972. 04:36PM

04:36PM 15 Q. After the shootings at Trelew, there was an effort made to -04:36PM 16 for lack of a better term -- glorify what had occurred at Trelew.
04:36PM 17 They began calling it the Trelew Massacre?

18 A. That's the standard way to refer to it, actually. Any history 04:36PM 19 of Argentina, it's called that, Trelew Massacre. You can open any 04:36PM history of the period, and it's called that. I'm not sure if 20 04:36PM 21 that's a glorification, but it's become the standard term to use 04:36PM 22 in historical and social science literature. 04:36PM 23 Q. But it was a term that was not made after an investigation 04:36PM

04:37PM 24 into what had occurred at Trelew, correct? It was folklore?
04:37PM 25 A. Well, it was the assessment of people who -- investigative

04:37PM	1	journalists who actually did investigate people like Delante
04:37PM	2	(phonetic) Martinez and others, they came to this conclusion that
04:37PM	3	it was a massacre. And it wasn't an official government
04:37PM	4	investigation that led to that, but
04:37PM	5	Q. Were there protests that arose after the events at Trelew?
04:37PM	6	A. Protests about Trelew? Oh, yes, there were.
04:37PM	7	Q. Widespread?
04:37PM	8	A. Significant, yes. Widespread; I think it's fair to call them
04:37PM	9	widespread.
04:37PM	10	Q. And was there violence as a result of those protests?
04:37PM	11	A. Not characterized by any particular violence as far as I know.
04:37PM	12	No, certainly not violence on the scale you had seen in previous,
04:37PM	13	you know, urban protests that led up to the Cordobazo where there
04:37PM	14	is violence on a large scale.
04:38PM	15	Q. Now, the disappearances that you discussed on your direct
04:38PM	16	examination, you have no evidence that Mr. Bravo was involved in
04:38PM	17	any of those, correct?
04:38PM	18	A. The disappearances during the dictatorship, no.
04:38PM	19	Q. You talked about death camps. You have no evidence that Mr.
04:38PM	20	Bravo was involved in any of those?
04:38PM	21	A. No, no.
04:38PM	22	Q. You talked about clandestine survivors.
04:38PM	23	You have no evidence that Mr. Bravo was involved in any of
04:38PM	24	those?
04:38PM	25	A. I talked about clandestine detention centers. No, I have no

04:38PM 1 information about that, no, no.

Q. And, in fact, based on your research, weren't you aware that
 Mr. Bravo after he was cleared by an auditor general's report, was
 Sent to the United States for further study?

04:38PM5MS. MATTHEWS: Objection, Your Honor. That question04:39PM6violates the Court's prior rulings on this particular order on the04:39PM7General Auditor's Report.

THE COURT: Mr. Sonnett, rephrase the question.

04:39PM 9 MR. SONNETT: I'm sorry, Your Honor, but I did not hear.
04:39PM 10 THE COURT: The objection is sustained. Rephrase the
04:39PM 11 question so as to not violate the Court's prior order on the
04:39PM 12 summary judgment ruling.

04:39PM 13 BY MR. SONNETT:

04:39PM

04:39PM 14 Q. Were you aware that Mr. Bravo had been transferred by the
 04:39PM 15 Argentine military to the United States where he received further
 04:39PM 16 schooling and training?

- 04:39PM 17 A. I learned of that later -- later -- at a later date, yes.
- 04:39PM 18 Q. But you are aware of it now?
- 04:39PM 19 A. I am aware of it now, yes.

Q. So you know that with regard to all of the events that you've
O4:39PM 21 discussed, the death camps, the disappearances, the clandestine -O4:39PM 22 that Mr. Bravo was not even in Argentina?

04:40PM 23 A. Right. We weren't made -- I don't think that was the point of
04:40PM 24 that line of questioning. I think the point of the line of
04:40PM 25 questioning was the general environment of fear that hindered

1 legal remedies for human rights abuses, not, you know, not trying 04:40PM 2 to link Mr. Bravo to them, no. 04:40PM Now, let's talk about what people knew after the prison break 3 Q. 04:40PM from Rawson Prison. You are aware or learned, and it's part of 4 04:40PM 5 your expertise that prisoners escaped from the federal 04:40PM 6 penitentiary at Rawson. We've seen the photographs of it? 04:40PM 7 MS. MATTHEWS: Objection. 04:40PM THE WITNESS: Again, I'm not an expert. 8 04:40PM 9 THE COURT: I'm sorry? 04:40PM 10 MS. MATTHEWS: Objection. Foundation. 04:40PM 11 BY MR. SONNETT 04:41PM Q. Were you aware that --12 04:41PM THE COURT: 13 Hold up, Mr. Sonnett. Overruled. Go ahead. 04:41PM 14 The question as you phrased it was fine, but he hasn't answered 04:41PM 15 it. Let me try. 04:41PM 16 Mr. Brennan, the question was: You're aware or learned 04:41PM 17 that as part of your expertise that prisoners escaped from the 04:41PM 18 penitentiary of Rawson, and we've seen the photographs of it. 04:41PM 19 THE WITNESS: I would not claim that it's part of my 04:41PM 20 expertise. Again, as I mentioned several times, I wasn't brought 04:41PM 21 here as an expert of the events of Trelew or the individuals in 04:41PM 22 Trelew. I was brought here as an historian to provide a broader 04:41PM 23 historical context surrounding, you know, what had happened in 04:41PM 24 Trelew but not the specific events themselves. And then the 04:41PM 25 aftermath of Trelew in terms of the things I just talked about. 04:41PM

04:41PM	1	BY MR. SONNETT:
04:41PM	2	Q. You dealt from an expert's point of view with the prison break
04:41PM	3	from Rawson, didn't you?
04:41PM	4	A. No, from an expert point of view, no. I am not an expert on
04:42PM	5	the prison break in Rawson. No. I couldn't give you the precise
04:42PM	6	details of that. I'm roughly familiar with the story, again.
04:42PM	7	Q. But you're aware of the facts concerning Rawson?
04:42PM	8	A. I'm aware of the facts in broad strokes, yes.
04:42PM	9	Q. You would have had to review them in preparation for your
04:42PM	10	testimony today?
04:42PM	11	A. I tried to avoid actually preparing too much for on the
04:42PM	12	question of Trelew, since that's not why I was brought here. I
04:42PM	13	was brought, again, for the broad historical context. I didn't
04:42PM	14	want to bone up on Trelew and pretend to be an expert on something
04:42PM	15	I'm not. Something I've never researched, something I've never
04:42PM	16	written about. I have read a little bit about, but that's
04:42PM	17	again, that's not why my presence was requested here.
04:42PM	18	Q. Okay. To what extent did you learn that when the prison break
04:42PM	19	at Rawson Federal Penitentiary took place that a prison guard was
04:42PM	20	violently shot and killed as part of the prison break?
04:42PM	21	MS. MATTHEWS: Objection. Foundation.
04:43PM	22	THE COURT: Did you learn? Let's start there. Mr.
04:43PM	23	Sonnett, do you want to lay a foundation for your questions?
04:43PM	24	Mr. Sonnett, the objection is sustained. Do you want to
04:43PM	25	lay a foundation for the question?

04:43PM	1	MR. SONNETT: Thank you, Your Honor.
04:43PM	2	I'll withdraw the question for now.
04:43PM	3	(Brief pause to confer with cocounsel.)
04:44PM	4	BY MR. SONNETT:
04:44PM	5	Q. I don't know if I asked the question or not, but did you
04:44PM	6	attend any of the 2010, 2012 or 2008, 2010, 2012 trials in
04:44PM	7	Argentina?
04:44PM	8	A. I attended those trials in Cordova. These were the Videla
04:44PM	9	trials that I attended. The trials that I mentioned called the
04:44PM	10	Opana (phonetic) in which Videla was tried with the local military
04:44PM	11	commander.
04:44PM	12	But this was in Corpag. This was not the Trelew trial; this
04:44PM	13	was a different trial. I attended human rights trials in those
04:44PM	14	years.
04:44PM	15	Q. All right. You're talking about a totally different set of
04:44PM	16	trials?
04:44PM	17	A. I didn't I did not attend the Trelew trials.
04:44PM	18	Q. You did not attend the Trelew trials?
04:44PM	19	A. No, no.
04:44PM	20	Q. And the Trelew trials after the current government took over
04:45PM	21	and the laws were changed, were to put on trial the other
04:45PM	22	soldiers that had been involved in the Trelew shooting?
04:45PM	23	MS. MATTHEWS: Objection. Your Honor, this is not within
04:45PM	24	the scope of his direct or his expertise.
04:45PM	25	THE COURT: Overruled. If you know the answer, you can

1 answer it. 04:45PM 2 THE WITNESS: I don't. 04:45PM 3 MR. SONNETT: I have no further questions, Your Honor. 04:45PM THE COURT: Okay. Redirect? 4 04:45PM 5 MS. MATTHEWS: I don't have anything. 04:45PM THE COURT: All right. Professor Brennan, thank for 6 04:45PM 7 coming so far to testify here today. You are excused. Watch your 04:45PM 8 step as you come down. 04:45PM And you are welcome to stay with us in this trial; and 9 04:45PM you are also free to go. 10 04:45PM 11 (Witness excused.) 04:45PM THE COURT: Okay. Counsel, with that, it is a quarter to 12 04:45PM 13 5:00. Do you have a witness that you would want to start and 04:45PM finish, or shall we call it a night? 14 04:45PM MR. KRISHNAN: Your Honor, I actually -- can I just 15 04:45PM consult for one second? I actually believe it might make sense to 16 04:45PM 17 start an examination and have it carry over to tomorrow. 04:46PM 18 THE COURT: Okay. Of course. 04:46PM (Brief pause to confer with counsel regarding 19 04:46PM 20 scheduling.) 04:46PM 21 MR. KRISHNAN: Your Honor, we'll be calling plaintiff 04:46PM 22 Eduardo Cappello. 04:46PM 23 THE COURT: Okay. Mr. Cappello, come on forward. 04:46PM 24 THE INTERPRETER: Your Honor, just a moment to get 04:47PM 25 settled here. Thank you. 04:47PM

04:47PM	1	THE COURTROOM DEPUTY: Sir, please raise your right hand.
04:47PM	2	(The witness is sworn.)
04:47PM	3	THE WITNESS: Yes, I do.
04:47PM	4	THE COURTROOM DEPUTY: Thank you. Please be seated.
04:47PM	5	State your name. Can you spell your last name for the record?
04:48PM	6	THE WITNESS: My name is Eduardo Rodolfo Cappello,

04:48PM	9	DIRECT EXAMINATION
04:48PM	10	BY MS. VARGAS:
04:48PM	11	Q. Good afternoon, Mr. Cappello.
04:48PM	12	A. Good afternoon.
04:48PM	13	Q. When were you born?
04:48PM	14	A. I was born May the 4th, 1975.
04:48PM	15	Q. And where were you born?
04:48PM	16	A. In Argentina.
04:48PM	17	Q. What's your occupation?
04:48PM	18	A. I am an employee of a government agency, and I work in the
04:49PM	19	area of human resources.
04:49PM	20	Q. Mr. Cappello, what is your relationship to this case?
04:49PM	21	A. Well, I am one of the plaintiffs. My uncle Eduardo Rodolfo
04:49PM	22	Cappello was my brother's forgive me my father's brother,
04:49PM	23	and I am the only survivor of that family.
04:49PM	24	Q. Who were your uncle Eduardo's parents?
04:49PM	25	A. My uncle's parents were my grandparents. Jorge ^ Cappello

04:50PM	1	and ^ La Sole.
04:50PM	2	Q. And can you just quickly spell La Sole?
04:50PM	3	A. L-a separate word S-o-1-e.
04:50PM	4	Q. Are your grandparents still alive?
04:50PM	5	A. No, they do not. My grandfather passed away in 1991. My
04:50PM	6	grandmother passed away in 2016.
04:50PM	7	Q. Mr. Cappello, did you ever meet your uncle Eduardo?
04:50PM	8	A. No, I did not. I was born several years after he died.
04:50PM	9	Q. Did your family ever speak about your uncle Eduardo in your
04:51PM	10	presence?
04:51PM	11	A. Yes, quite frequently. These were conversations that we held,
04:51PM	12	I would say on an everyday basis.
04:51PM	13	Q. And what was your uncle Eduardo like?
04:51PM	14	MR. DAVIS: Objection, Your Honor. Calls for hearsay.
04:51PM	15	THE COURT: Sustained.
04:51PM	16	BY MS. VARGAS:
04:51PM	17	Q. Can you tell me what you know about Eduardo's reputation in
04:51PM	18	your family?
04:51PM	19	MR. DAVIS: Same objection, Judge.
04:51PM	20	MS. VARGAS: Your Honor, I am asking about the reputation
04:51PM	21	in his family for the character of his uncle Eduardo.
04:51PM	22	THE COURT: And in what way is that at issue in this
04:51PM	23	trial?
04:51PM	24	MS. VARGAS: Mr. Eduardo Cappello was one of the victims
04:51PM	25	in this case.

04:51PM	1	THE COURT: Can you proffer that his character is
04:52PM	2	relevant?
04:52PM	3	MS. VARGAS: Yes. Well, it is direct this is directly
04:52PM	4	in response to
04:52PM	5	This goes directly to the impact on the family. His
04:52PM	6	character had much to do with the impact and the relationships he
04:52PM	7	had within the family. He was an important figure in the family,
04:52PM	8	and I will ask Mr. Cappello to proffer information about what his
04:52PM	9	absence meant.
04:52PM	10	THE COURT: Mr. Davis?
04:52PM	11	MR. DAVIS: I'm still trying to understand, Your Honor.
04:52PM	12	He said he was the sole heir as I understand. Maybe I
04:52PM	13	misunderstood. So it would only be on him, so I don't know what
04:52PM	14	this has to do with any of the issues in this case.
04:52PM	15	THE COURT: The objection is sustained.
04:52PM	16	BY MS. VARGAS:
04:52PM	17	Q. Mr. Cappello, you said your father was Eduardo's brother. Did
04:52PM	18	Eduardo have other siblings?
04:53PM	19	A. No, it was just the two of them.
04:53PM	20	Q. Is your father still alive?
04:53PM	21	A. No. My father, mother, and brother back in May of 1977 were
04:53PM	22	disappeared.
04:53PM	23	Q. When you say your parents and brother
04:53PM	24	MR. DAVIS: Move to strike. What does that have to do
04:53PM	25	with any of the issues in this case?

MS. VARGAS: This, Your Honor, goes directly to the fear
that was instilled in the families in order to prevent them from
seeking justice in Argentina or anywhere, and it goes directly to
the statute of limitations defense.

04:53PM5MR. DAVIS: Your Honor, again, the witness would have04:53PM6been two years old in 1977.

7 THE COURT: I do understand that. This is going to end 04:54PM up taking argument. I have a feeling. Let me make sure that I 8 04:54PM understand two things first. I'm going to instruct the witness to 9 04:54PM 10 answer the question that is asked so that we don't get sort of 04:54PM 11 unsolicited responses that surprise counsel, and, second of all, 04:54PM 12 to the extent that there is -- I'm going to not strike the 04:54PM 13 testimony on the basis that it referenced that which another 04:54PM 14 witness has already testified extensively about. 04:54PM

04:54PM15But, Mr. Cappello, please listen to your attorney's04:54PM16questions and answer those questions.

THE WITNESS: Okay.

04:55PM 22 A. Yes, along with my father and my mother and my 12-year-old

MS. VARGAS: Your Honor, we can establish that this falls
within the exception for family reputation, and I can do that.
Federal Rule 80319 for the death of a family member.

10 THE COURT: The reputation is not the current objection. 11 The issue that I'm having is with respect to the testimony -- the 12 foundation of relevance for the family members unrelated -- that 13 aren't either the Trelew victim or the plaintiff -- I'm sorry --14 the witness here has testified he wasn't aware of.

7 THE INTERPRETER: The question needs to be interpreted. THE WITNESS: Well, it is -- that particular allegation 8 9 seems incomprehensible to me. It is true that my family at some 10 point in time did attempt to seek justice or make some sort of --11 make some sort of action to find justice. Back in 1974, my 12 grandparents actually brought some sort of action, legal action so 13 that the military would shed some light on the events.

14 Nonetheless, the case did not move forward, and my 15 grandparents also did not push to make that case go forward. 16 Because my entire family was being persecuted, and in my parents' 17 case in particular, they ended up being tortured and murdered. 18 There was a very strong feeling of fear and terror, which put 19 their lives at risk.

On the other hand, we had very little information as to 20 05:00PM 21 what had taken place at Trelew because the military never provided 22 or offered any kind of information regarding those events. We 05:00PM 23 knew certain surnames such as Sosa or Bravo, but we did not know 05:00PM 24 anything about witnesses or documents. In fact, we were 05:00PM 25 completely unaware of the whereabouts of any of those individuals.

05:01PM1We only got to know about that in 2008. Any type of search before05:01PM2that time would have been a failure because any individual efforts05:01PM3that we might have brought, waged would have failed as well. We05:01PM4couldn't do that as a family, and we weren't being given any

The question is when could you sue effectively, and he's 10 gone into this narrative answer that would have necessarily had 11 hearsay for things that happened when he was a baby and to all 12 over the place, so I move to strike the testimony.

13 THE COURT: Sustained. I am going to note that it's 05:02PM 14 after 5:00 o'clock and that we have promised to let our jury go at 05:02PM 15 5:00 o'clock. I want to make sure that you understand though what 05:02PM I've just ruled with respect to the last answer that you just 16 05:02PM 17 heard. I've stricken it, and you're not to consider it when 05:02PM 18 you're deciding the jury verdict, which won't happen for many 05:02PM 19 days, and so we will see you bright and early tomorrow morning. 05:02PM 20 Remember that if we don't have all of you at 8:45, that we cannot 05:02PM 21 start on time at 9:00 o'clock. Some of you are making real 05:02PM distances to get here. We recognize that. We'll have coffee here 22 05:02PM 23 waiting for you. We'll see you at 8:45. Do not talk about the 05:02PM case even with each other and especially with anybody else. 24 Have 05:02PM 25 a good night. 05:02PM

1 (Jury out at 5:02 P.M.) 05:02PM 2 THE COURT: Okay, then. Have a seat. 05:03PM 3 THE INTERPRETER: May the witness go back? 05:03PM 4 THE COURT: Yes, please. Thank you so much. 05:03PM Remember, though, Mr. Cappello, you are under oath. 5 You 05:03PM 6 will remain under oath until your testimony concludes. You may 05:03PM 7 not talk to anyone about the testimony that you have given so far. 05:03PM 8 Okay? Do you understand? 05:03PM 9 THE WITNESS: Okay. 05:03PM 10 Does he have the headset, though? THE COURT: 05:04PM 11 THE INTERPRETER: He will get one over there. 05:04PM 12 THE COURT: Okay. I fear that we're going to continue to 05:04PM 13 have this problem without more focused questions. There are a 05:04PM 14 number of issues that you asked to be precluded, that you have 05:04PM 15 prevailed on in precluding, and if the questions don't get more 05:04PM 16 focused, I am concerned about where some of these examinations are 05:04PM 17 going to go. I agree with Mr. Davis. As I was listening, I was 05:04PM 18 trying to figure out how the witness was describing the events of 05:04PM 19 1974 when he was born in 1975. So I encourage you to lay a 05:04PM 20 predicate for the foundation, the competence, the relevance, the 05:04PM 21 hearsay issues that are -- that I anticipate will be coming up. 05:05PM 22 MS. VARGAS: Yes, Your Honor. 05:05PM 23 THE COURT: So that answer is stricken. There was no 05:05PM 24 original objection to -- well, the answer was -- I mean, the 05:05PM 25 question was permitted, but the answer is not. 05:05PM

1 MS. VARGAS: Yes, Your Honor. 05:05PM THE COURT: Okay. What, if anything, else? 2 05:05PM 3 MR. KRISHNAN: Your Honor, could I just potentially --05:05PM 4 for the purpose of opposing counsel, and also perhaps for the 05:05PM Court, just put a couple of issues out on the table with respect 5 05:05PM 6 to this witness; because I think that there are going to be, as 05:05PM 7 you pointed out, there's going to be a recurring issue here with 05:05PM 8 exclusion, and I just thought it might make sense to lay out a 05:05PM 9 couple of the issues that we're aware of so Your Honor is aware of 05:05PM 10 them; and so if the parties want to argue them in the morning, we 05:05PM 11 can, but at least so that everyone is thinking about the same 05:05PM 12 issues. 05:05PM

13 THE COURT: I don't mind you raising the issues. I 14 recognize that he is a plaintiff party representative, but he is 15 the witness we are describing as you go through these proffers, 16 and so I am sensitive to whether or not he should be hearing this 17 argument.

05:05PM

05:05PM

05:06PM

18 MR. KRISHNAN: I would be happy to have him excluded from19 the courtroom while we discuss these.

THE COURT: Okay. Why don't you at least identify the issues; and to the extent that we need a more fulsome argument on it, then I think we might need to take it up in the morning.

Remember that in the afternoon there are a lot of court
staff that are involved. So while I may have no problem staying
here as late as needs be, there's limits on what I can tax the

court with. So I'm sensitive to making sure that folks get out on 1 05:06PM 2 time. 05:06PM 3 But why don't you address the issues, and we can figure 05:06PM 4 out whether we can deal with them tonight or at 8:00 A.M. 05:06PM 5 MR. KRISHNAN: Thank you, Your Honor. I was only 05:06PM 6 proposing to put them on the table and that we could assess them 05:06PM 7 in the morning for that very reason. 05:06PM 8 Okay. But, nonetheless, you have no THE COURT: 05:06PM objection to Mr. Cappello standing outside while we have this 9 05:06PM 10 discussion? 05:06PM 11 MR. KRISHNAN: I do not. 05:06PM 12 THE COURT: Okay. 05:06PM 13 Mr. Cappello, if you don't mind, we're going to take up 05:06PM 14 some legal argument that may affect your testimony. 05:06PM 15 Go ahead. Mr. Krishnan. 05:07PM MR. KRISHNAN: Thank you, Your Honor. I'll just wait 16 05:07PM 17 till Mr. Cappello has left. I'll be speaking in English. 05:07PM (Eduardo Cappello exited the courtroom.) 18 05:07PM 19 So one issue is 80319, and 80319 is a hearsay exception 05:07PM 20 that allows for the reputation in a family for certain events; 05:07PM 21 such as births, deaths, adoptions, things of that sort. And 05:07PM 22 that's what customarily allows witnesses to testify to their 05:07PM 23 births, even though they have no personal knowledge about their 05:07PM 24 own births. People talk about their birthdays and other events, 05:07PM 25 how family members died. The predicate for that is conversations 05:07PM

within the family that provide the reputation within the family.

I'm just putting this out there as an issue, because I think these are the types of predicates that we'll be laying, I think, tomorrow. I just wanted to say that that's certainly an exception that we're going to be relying on.

Another issue that I know will come up is the fact that this is the plaintiff in, effectively, a wrongful death case who needs to be able to talk about the loss of the decedent, the pain and suffering associated with it. And this is an instance in which this happens, where the decedent died before the witness was born.

Nevertheless, plaintiffs are permitted in that circumstance to testify about their loss and their feeling of loss. And it doesn't come from personal experience with the individual; it comes from the feeling of loss within the family based on conversations, events, things like that. It is a nonhearsay -- it's not coming in for the truth of those events; it's coming in for the purpose of his feeling of loss.

19 THE COURT: A lot of this has to do with presentation. I 20 would repeat my comment that foundation here very much would have 21 helped. The witness wasn't asked how it's impacted him. And I 22 would also --

05:09PM23I agree with you on 80319; except the answer went well05:09PM24beyond what 80319 contemplates and, again, without foundation.05:09PM25MR. KRISHNAN: I appreciated that, Your Honor. And then

the last point that I just want to raise is that on the issue of
statute of limitations -- and it sounds like we may have repeated
objections during trial, which I have anticipated and I expect -but our view of it is that when we're talking --

05:09PM

05:10PM

05:10PM

5 The tolling factor for the statute of limitations, those 6 are country conditions and fear of persecution. So that's the 7 name of the factor. That is the factor that is considered. So, 8 for instance, on country conditions, which is less relevant now, 9 the reason why Dr. Brennan was discussing things that he was, is 10 because the country conditions is literally the tolling factor. 11 And then fear of persecution is likewise one.

So when a witness like Mr. Cappello testifies about their fear, it's not coming in for the truth; the fear itself is the relevant factor. And so how he learns about things that caused fear to him and to his family, it is, you know, the fear itself is the issue. So it's a state of mind thing. We would have no objection to the jury being instructed that it's not coming in for the truth.

19 But I think he has to be able to testify to things, you 05:10PM know, you can be afraid by -- your family can be in fear and you 20 05:10PM 21 can be in fear. For instance, and something he will testify to, 05:10PM his grandmother received threatening phone calls. He was not on 22 05:10PM 23 the phone call. He knows exactly about what happened, and his 05:10PM family was terrified, including him. And so things like that, 24 05:10PM 25 they ought to come in for the fear. 05:10PM

1 If Your Honor wants to appropriately instruct people as
to whether it's coming in for the truth, I think that might be an
issue. But I believe that we're entitled to fully lay out the
fear, which in this case was of a very high level.

5 THE COURT: Whom from the defense team wants to respond? 6 MR. DAVIS: Well, this is the first I'm hearing about 7 this using the fear in the way it's described.

8 Under 80319, it talks about -- you're talking about 9 family events; like a birth or a marriage or a divorce or a 10 relationship by blood.

This is not a situation where he could testify, and it is certainly not enumerated in the statute as to the word fear or anything like that. That is not -- that's not laid -- that predicate is not laid. And I don't think this witness can testify about stuff -- about events that happened before he was born that he heard from another party.

How am I to be able to effectively cross-examine that to
get the truth of whatever would be? How can it be tested? And,
again, 80319 is on like life events; not this amorphous
description of fear that I'm hearing from this witness for the
first time.

THE COURT: I view this as two highly related but distinct issues: one is whether or not the hearsay exception would apply; and it would but not to everything.

To reiterate, what was advanced in response to that

1 answer will not come in under 80319; but that doesn't mean that it
can't come in at all.

3 The plaintiffs' state of mind is put at issue with the 4 statute of limitations defense; though I, again, return to my point about the foundation of it. I understand he was on the 5 6 stand for ten minutes, but it remains a bit amorphous. It has 7 been characterized as, essentially, the family's fear. And 8 perhaps it is, again, just a matter of a more focused direct 9 examination, from which then we can determine on a 10 question-and-answer basis whether or not the question or the 11 testimony requires a limiting instruction; that it is being 12 advanced for something other than the truth.

But the plaintiff has to be prepared to, again, describe a hearsay exception beyond simply because it goes to the statute of limitations defense. And I think that you understand what I mean by that. Okay.

All right. It's not the only time that as I sat here I was concerned that a limiting instruction was necessary to explain to the jury that the testimony that they just heard was not being advanced for the truth, and so I do look to you both to the extent when it comes up that you think a limiting instruction is necessary to tell me so in addition to my own reaction to it. You know the evidence better than I do.

05:14PM24Okay. What, if anything, else?05:14PM25MR. KRISHNAN: I don't have anything at this point, Your

05:14PM	1	Honor.
05:14PM	2	I do believe that we're going to be briefing this issue
05:14PM	3	that Mr. Davis raised earlier today, but I think
05:14PM	4	THE COURT: So I can look for that brief tonight?
05:14PM	5	MR. KRISHNAN: Yes, Your Honor.
05:14PM	6	THE COURT: And, Mr. Davis?
05:14PM	7	MR. DAVIS: We have a brief on it as well that we will be
05:14PM	8	filing not at 11:00 o'clock.
05:14PM	9	But do we have a sense of the order of the witnesses
05:14PM	10	tomorrow?
05:14PM	11	THE COURT: We're going to do two scheduling things in
05:14PM	12	just a moment. But I just want to make sure that the prior orders
05:14PM	13	with respect to the impact of what occurred with respect to
05:15PM	14	well, let me be clearer.
05:15PM	15	That the prior order precluded, forbid characterization
05:15PM	16	of what previously occurred in that military examination as
05:15PM	17	exoneration. I don't expect to hear that again in front of this
05:15PM	18	jury.
05:15PM	19	MR. SONNETT: That was a slip of the tongue, Your Honor,
05:15PM	20	and I apologize.
05:15PM	21	THE COURT: Okay. In terms of order of the evidence,
05:15PM	22	yes, it would be helpful to hear who is on deck. But let me just
05:15PM	23	reiterate it came up only with respect to Plaintiffs'
05:15PM	24	Exhibit 114 but to the extent you know that you've got exhibits
05:15PM	25	that are coming in, for example, through Mr. Cappello, I encourage

05:15PM	1	you, please, to tell Mr. Davis' team what those exhibits are;				
05:15PM	2	maybe tomorrow morning we move them in without, you know, need for				
05:15PM	3	foundation, and then you can just present them; and to do the same				
05:15PM	4	with each witness. Okay?				
05:15PM	5	You can just tell me before the witness is called:				
05:15PM	6	Without objection, plaintiff moves X, Y, and Z. If you tell me				
05:16PM	7	it's without objection and Mr. Davis concurs, that's all the				
05:16PM	8	discussion it needs. Okay?				
05:16PM	9	MR. KRISHNAN: Thank you, Your Honor. Yes.				
05:16PM	10	THE COURT: And so on deck is who? Mr. Cappello will				
05:16PM	11	finish tomorrow.				
05:16PM	12	MR. KRISHNAN: That's right. We are hoping then to play				
05:16PM	13	a little bit of deposition testimony. And on this, Your Honor, I				
05:16PM	14	think we are going to play a little bit by ear, but at the very				
05:16PM	15	least, I think our plan is to play Alicia Krueger one of the				
05:16PM	16	other plaintiffs by deposition. And I believe that we have all				
05:16PM	17	of the rulings on that, other than the autopsy issue that I think				
05:16PM	18	wasn't decided today.				
05:16PM	19	I think it was the Lesgart autopsies.				
05:16PM	20	MR. DAVIS: I agree with that hasn't been ruled on				
05:16PM	21	yet, and I understand what you're going to play.				
05:16PM	22	MR. KRISHNAN: So that deposition, I think, will be in				
05:16PM	23	the 45-to-50-minute range.				
05:16PM	24	We then have another deponent, which is another one of				
05:16PM	25	our clients who wasn't able to be here, Marcela Santucho. I				

05:17PM	1	believe her deposition testimony is in the 22-minute range. And
05:17PM	2	so what I wanted to do was play that by ear; because after that, I
05:17PM	3	think we would call Mr. Bravo. And so it would either be before
05:17PM	4	or after the Santucho testimony, kind of just depending on time,
05:17PM	5	squeezing things in before lunch or whatever.
05:17PM	6	THE COURT: You're going to use that as filler when you
05:17PM	7	don't have another live witness. So your next live witness will
05:17PM	8	be Mr. Bravo?
05:17PM	9	MR. KRISHNAN: After Mr. Cappello, correct.
05:17PM	10	THE COURT: I think that will probably take us through
05:17PM	11	the end of tomorrow.
05:17PM	12	So after Mr. Bravo, do you know your next live witness?
05:17PM	13	MR. KRISHNAN: I believe it will be Dr. Pregliasco.
05:17PM	14	THE COURT: Okay.
05:17PM	15	MR. KRISHNAN: But, Your Honor, there is deposition
05:17PM	16	testimony that we would anticipate playing after Mr. Bravo and
05:18PM	17	before Dr. Pregliasco, but you asked for our next live witness.
05:18PM	18	THE COURT: I did. And I think you already know why I'm
05:18PM	19	asking.
05:18PM	20	Is Dr. Pregliasco available, like, tomorrow? Wednesday?
05:18PM	21	MR. KRISHNAN: Heis.
05:18PM	22	THE COURT: Okay. All right. Mr. Davis, what else do
05:18PM	23	you need to know?
05:18PM	24	MR. DAVIS: Just they're going to call Mr. Bravo in their
05:18PM	25	case, and I was planning to do my examination of Mr. Bravo that I

05:18PM	1	would be doing normally in my case. I'm just letting the Court					
05:18PM	2	know that and wanting to know if that's acceptable to the Court,					
05:18PM	3	or do you want me to wait until					
05:18PM	4	THE COURT: No. That's my preference.					
05:18PM	5	MR. DAVIS: Okay.					
05:18PM	6	THE COURT: Do your full examination, so I wouldn't					
05:18PM	7	expect to hear an objection that it was beyond the scope. I'm					
05:18PM	8	going to let the jury know that we're going to call Mr. Bravo					
05:18PM	9	once.					
05:18PM	10	MR. KRISHNAN: That's fine, Your Honor. I guess the only					
05:18PM	11	thing I'd want to clarify is that: Do defendants then or does					
05:18PM	12	the defendant then get to again get up and testify?					
05:18PM	13	Is there a second shot for the defendant to call him in					
05:18PM	14	their case once he's already testified beyond the scope?					
05:19PM	15	THE COURT: As though rebuttal? I wouldn't anticipate.					
05:19PM	16	I think that the point is the efficiency of having him on and off.					
05:19PM	17	Right, Mr. Davis?					
05:19PM	18	MR. DAVIS: That is my plan, Your Honor. You never like					
05:19PM	19	to make 100 percent commitment, because you never know what's					
05:19PM	20	going to come up in a trial.					
05:19PM	21	THE COURT: Nor do I rule in the hypothetical.					
05:19PM	22	MR. DAVIS: Okay.					
05:19PM	23	THE COURT: So we'll have to see how it goes.					
05:19PM	24	MR. KRISHNAN: Thank you, Your Honor.					
05:19PM	25	THE COURT: Of course. What? Mr. Davis, anything else?					

05:19PM	1	MR. DAVIS: Nothing further.
05:19PM	2	THE COURT: All right. Well, then shall we regroup at
05:19PM	3	8:00 so we can take up the autopsy, the Apostille issue? And I
05:19PM	4	think that is all. So we should be able to get it done. Okay.
05:19PM	5	See you at 8:00 o'clock.
05:19PM	6	MR. DAVIS: Thank you, Your Honor.
05:19PM	7	MR. KRISHNAN: Thank you, Your Honor.
